MESSAGE FROM THE FOUNDER

I am honored to write a short message to you all on this 4th Annual Report of BUDDHA OUTCAST SOCIAL SOCIETY-BOSS. On behalf of the Board of Trustees, Advisory committee and our committed staff I would like to extend our heartfelt gratitude to our Donors, Volunteers & Well Wishers.

I am delighted to share you that we have reached more than 2,00,000 families through various activities like Women Self Help Groups , Supplementary Education Support, Income Generation program , To provide safe drinking water for felt needed__tribal women empowerment through IGP/ EDP program , Skill Development, Clothing Drive, Go Green Initiative, Facilitating Government Schemes to Needy, Shelters for education, health status analysis and education, Covid-feed the hunger initiative to feed the needy etc…

I am humbled by the response given by the villagers and to see the transformation happening. I thank the almighty for all the results we have accomplished. All these would not have been possible without your spontaneous and generous support.

I am immensely proud to see the zeal and enthusiasm shared by our young and energetic team to do every bit of service to the poor with passion and commitment.

With peoples blessings and support we are planning to take our mission to the entire nation in the coming years.

I dedicate this Annual Report to all supporters of BUDDHA OUTCAST SOCIAL SOCIETY. Best wishes & regards,

R.BALU

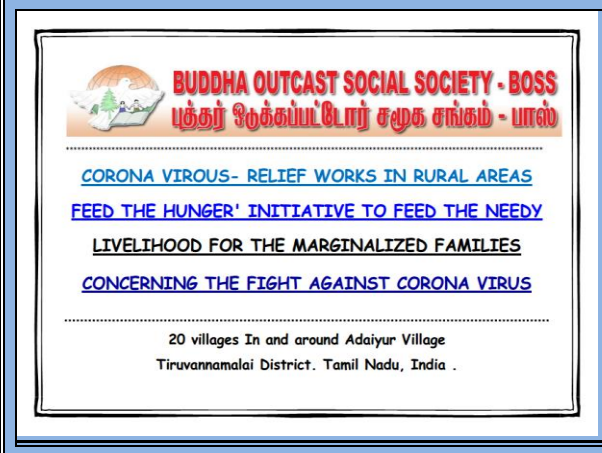
2." CORONA RELIEF SECOND WAVE RESPONSE " .



This project fund supported by **THE UK ONLINE GIVING FOUNDATION – UNITED KINGDOM .**

The Corona virus outbreak (officially known as Covid-19), which started in China, Corona virus disease (COVID-19) is an infectious disease caused by a newly discovered corona virus. The corona virus is a family of viruses that can cause a lot of mild to life-threatening diseases. It is the cousin of the more popular Severe Acute Respiratory Syndrome (SARS) virus.

Indian Prime Minister announced till August 31st nationwide lockdown, meaning the country's 1.3 billion citizens -- except those engaged in providing essential services - would not step out of their homes.

Here at BOSS NGO, we kept wondering what role we could play during these times since most of our usual work has stalled. Towards the end of April, somehow things fell in place - The District Administration gave us the opportunity to play a role in providing relief to local vulnerable communities.

BOSS staff/ volunteers and members took the lead to drive to town, back and forth – procuring masks, sanitizers, sanitary pads, etc, While members of BOSS delivered essentials to Unorganized sector and daily wage Construction workers informal settlements. Method of protection and best practices to stop the spread of Virus. Protection Materials for families to stop the spread of Covid-19. All twenty villages procuring masks, sanitizers, sanitary pads. All twenty villages basic cook food and food materials were supplied through our BOSS NGO.

We began our work on 1st April and went on until 24th May.

Date	No of Village covered	No of People covered	Distributions materials supplied
01/04/2022 TO 31/05/2022	10	10000	All ten villages Public awareness through Preparation and distribute of education materials

3.EDUCATION AND EMPOLOYABILITY FOR PANDEMIC AFFECTED YOUTHS.

Supported by : **GLOBAL YOUTH MOBILIZATION FUND – UNITED KINGDOM.**

Project Period : For the period 1st July 2022 to 31 st December 2023.

The project activities are as follows :

- Come back from COVID.
- One day motivational camps for beneficiaries
- Purchase of Teaching materials
- Appointment of teacher volunteers and their travel and feed cost.
- Provision of learning materials to the students and cost of utilities.
  Provision of training to the female youth in chicken farming.
- Purchase of cages and Purchase of 30 units of country chicken.

Through our project have supported or plan to support any of the following :

Our project on track to deliver the activities and outcomes that you intended. As a result of this project I have improved resilience to the impacts of COVID-19 and peers or young people served through the project, have improved resilience to the impacts of COVID-19. Thought about how this project will be sustained after this initial funding

Our project has improved and encouraged the right knowledge, attitude and practice towards COVID-19 prevention. Lots of young people now wash their hands regularly, using their face mask and mostly have been fully vaccinated.

4. " CORONA RELIEF FUND FOR POOR PEOPLE " .

This project fund supported by **THE UK ONLINE GIVING FOUNDATION – UNITED KINGDOM** .

Corona virus disease (COVID-19) is an infectious disease caused by a newly discovered corona virus. The corona virus is a family of viruses that can cause a lot of mild to life-threatening diseases. It is the cousin of the more popular Severe Acute Respiratory Syndrome (SARS) virus and the Middle East Respiratory Syndrome (MERS) virus.

BOSS staff/ volunteers and members took the lead to drive to town, back and forth – procuring masks, sanitizers, sanitary pads, etc, While members of BOSS delivered essentials to Unorganized sector and daily wage Construction workers informal settlements. 04/06/2022 TO 08/06/2022	50	20000	All twenty villages Public awareness through Preparation and distribute of education materials. Basic raw cook food and cooked food materials were supplied to vulnerable community in rural fifty villages.

5. SOCIO ECONOMIC DEVELOPMENT OF WIDOWS THROGH ENTERPRIZES

This project fund supported by **THE GIVE FOUNDATION – USA.**

Felt Need:

As per the poor community beneficiaries request BOSS NGO Organized this milk cow rearing program through Micro credit - revolving scheme to distribute 02 Tribal Widows. This project has been proposed by these poor widow beneficiaries themselves. There is a good market for the milk in their villages and they already know how to do it. Also, they can do it in their homes along with their other duties, and they can even take agricultural jobs at the same time if any become available.

Out Comes of the Project:

There is sustainability in this project. After completion of the two days Income generation and Entrepreneurship Training the Beneficiaries are purchased the cow and to able to earn their own money through milk sales. The Future influence of this project is that Tribal women can tackle the evil men and acquire boldness to defend them. Economically they have started self employment. Then they will escape from the Hutches of Landlords and moneylenders, who have charged exorbitant rate of interest and exploited them for huge hours of work for lesser wages in the past years. Hence this Project has paved way for a Social change among the beneficiaries and their generation can attain equal status economically, educationally and socially.

Positive Impact:

- The Tribal women have reached the Empowerment through Earnings.
- The unemployed Tribal women now have permanent, steady employment.
- The Tribal women no longer have indebtedness to money lenders.
- The single and aged women have respect and dignity in their families.
- The health, education, savings, social security, and assets of the poor families have been improved.
- The social statuses of the families have been improved.

6. TO PROMOTE CLEAN CITY AND BIO- DIVERSITY CONSERVATION CONCEPTS

7. EDUCATE, EXPRESS, EMPOWER: BREAKING THE SILENCE OF TRIBAL WOMEN.

Thanking for HAELLA STICHTING Foundation for our project has been approved for funding project is " Campaign on Prevention of Sexual Abuse/Violence/Exploitation Adolescent Girls ". Project period on **01.10.2020 To 31.03.2021** First at all we submit our profound thanks on behalf of BOSS NGO for their generous Grant support.

This project was based on a Needs Identification Study that was conducted to ascertain the existing situation of the beneficiary groups of women, young women and adolescent girls. The programs are as follows:

- Combating and decreasing sexual harassment Training to NGO Personnel's.
- Mass rally on Awareness Education to Gross Root Level Women
- village level awareness campaign
- Providing support to legal entities, and rehabilitation services.
- Sensitization workshop to professionals

Some of the main findings of the study were:

- The position of women in families is poor. They are not consulted in the decision-making process in families and in society and this include decision-making even about their own health.
- Male children are preferred in families. The girl child is viewed as a curse. There is preferential treatment for the male children.
- There is violation of reproductive and sexual rights of females of all age groups. There is the presence of premarital and extramarital sex. Unwed and unintended pregnancies and unsafe abortions are present in the villages

Changes bring about through the implementation of this project were:

- Women, young women and adolescent girls in the 10 project villages become knowledgeable on all matters relating to decision-making in families, need for participation in local administration, women's rights, adolescent rights, sexual and reproductive rights and issues with self-confidence.
