## OBITUARY

We hereby condole the sad demise of our founders Md Naeemuddin Ansari, Bhuneshwar Manjhi & Laxmi Narayan Dubey. We salute him for their contribution to GSKVM. God may bless them with heavenly abode and let their soul rest in peace

**Md Naeemuddin Ansari**

DOB : 05 March 1935 • Expired : 10 December 2005

## GSKVM Mission Partners : Since Inception Till Date

## Message from the Secretariat.

*I feel honoured and privileged to lit the holy lamp of Silver Jubilee Celebration of Gramin Samaj Kalyan Vikas Manch (GSKVM) this year. With its humble beginning in 1990, now our endeavour has completed its 25th years of providing yeoman service to the humanity in general and to the rural deprived people of Jharkhand in particular. We are proud to bring out this souvenir to commemorate our silver jubilee celebration, the many years of service that we have provided, tending to the health and social service of the poor and underprivileged people in the community. Our organisation has always striven to ensure that its activities are not only effective but also fair and clean. We have educated people of their rights and have encouraged them to act against discrimination and social stigma. We have also sensitized community people to be responsible for their duties as far as possible. The Organisation has steadily grown and expanded its areas of operations in Jharkhand, Bihar and Chhattisgarh. Currently GSKVM is implementing 10 projects in 12 districts across three states covering a population of 1.5 million. To mark the occasion, I take this opportunity to display in this souvenir cum achievement report; the glimpses of our journey with accomplished milestone in the past two and half decades.*

*I feel happy to be a part of this organization, committed to making a positive contribution to the society by providing new paradigms in all vital aspects in human life, especially in the remote rural areas and ensure comprehensive well-being of the underprivileged. The valuable contribution and impact gained at our organisation level has been possible due to concerted efforts of the committed and dedicated team of the GSKVM. We are extremely grateful to our donors, partners, government officials and friends for their valuable support to GSKVM. The knowledge, skill and expertise of government agencies have also been very supportive to us in our endeavours. We have left no stone unturned to work for the masses and to be sensitive and compassionate to the marginalized and the people in need. We hope to continue with our endeavour to take up many more social responsibilities and serve the community with the same zeal, sincerity and dedication.*

*Having said all this, we know that we have a long way to traverse. It goes without saying that we will give our best to dispel the darkness around us. We sincerely hope to get your helping hand in our endeavour which will multiply the speed of reaching out to those who need our helping hand to live with minimum dignity that all human beings rightfully deserve, to say the least.*

**Md. Hashmat Rabbani**  
Secretary, GSKVM

Date : 12th August 2015

Place : Ranchi

## वित्त विभाग कि ओर से संदेश

मेरा भारत महान।

मेरा भारत विविधताओं से परिपूर्ण देश है— प्राकृतिक और सामाजिक—सांस्कृतिक दोनों दृष्टियों से। जहां यह विविधता— बिखराव के स्तर पर समस्या है, संघर्षों का स्रोत है और विकास की जरूरतों के साथ एक राष्ट्र की परिकल्पना से अलग है। वहीं दूसरी ओर यही विविधता हमारी ताकत है, सोच का विस्तृत दायरा है, हमारा सौंदर्य और राष्ट्रीयता के विकास का आधार है। यहां के विभिन्न प्रकार के मौसम हमारे शारीरिक और मानसिक विकास को किसी भी विपरीत परिस्थितियों को झेलने में हमें सक्षम बनाते हैं और विविध प्रकार की सामाजिक परंपराएं, समाजिक सौंदर्य, समाजिक क्षमता के साथ ही व्यापक सामाजिक अनुसंधान का मार्ग भी खोलती हैं।

यह हमारा आपस का प्यार ही है जो एक दूसरे को समझने और स्वीकारने की शक्ति देता है। यह विविधता के बीच एकता का तत्व है जो भारतीय नागरिकता का अधिकार और विश्व से जुड़ने की ताकत भी देता है और हम कह सकते हैं, मेरा भारत महान। मैं झारखण्ड से हूँ। वही झारखण्ड जिसकी पहचान आप सबों के बीच प्रचुर खनिज, प्राकृतिक सौंदर्य और महान क्रिकेटर धोनी के राज्य के रूप में है। इसके अलावा भी झारखण्ड में ऐसी अनेक खासियत है, जिसकी चर्चा देश में होती है— एक पिछड़े आदिवासी बाहुल्य राज्य के रूप में, नेतृत्व के क्षेत्र विशेषकर राजनीति में दिशाहीनता के रूप में, अविकसित राज्य के रूप में, देश के सबसे गरीब राज्य के रूप में और सबसे अधिक नक्सली समस्याओं से पीड़ित क्षेत्र के रूप में।

इसी झारखण्ड में पलामू जिला जो अब प्रमंडलीय मुख्यालय भी है— पलामू अर्थात् पलाश, लाह और महुआ के क्षेत्र के रूप में जिसकी व्याख्या की जाती रही है। पलाश के अंगारे जैसे दहकते फूल इसके प्रकृति सौंदर्य के स्रोत हैं तो लाह इस क्षेत्र की अर्थव्यवस्था का आधार है एवं महुआ के फूल भोजन और उत्सवों में मादक—पेय के स्रोत रहे हैं तो साथ ही जीविका के स्रोत भी हैं। महुआ के फल डोरी— खाद्य तेल का अच्छा स्रोत भी है। नोबेल पुरस्कार विजेता श्री कैलाश सत्यार्थी की शुरुआती कर्मभूमि, बंधुआ—मुक्ति और बाल—श्रम मुक्ति आंदोलन की प्रारम्भिक जमीन पलामू का क्षेत्र रहा है। इसे समस्याग्रस्त जिला भी माना जाता है। व्यापक गरीबी, डायन—विसाही, पलायन, नमूने के तौर पर इसे चुना जा सकता है। हम जानते थे कि गरीबी की कोई अचूक दवा नहीं है, फिर भी इसे दूर करने में जागरूकता की महत्वपूर्ण भूमिका होती है। स्वामी विवेकानन्द की पवित्र बहुत प्रेरणदायक है कि 'पूरी दुनिया का खजाना भी एक छोटे से गांव की मदद नहीं कर सकता, जबतक वहां के लोग अपनी मदद खुद करना न सीख जाएं। मैं जानती— समझती हूँ जीवन तभी तक है जबतक व्यवस्था में हस्तक्षेप करके इसे सही दिशा देने की योग्यता आप में है। नहीं तो जीवन का कोई मतलब नहीं है।

दोस्तों, वास्तव में सामाजिक बदलाव के क्षेत्र में मेरा यह छोटा प्रयास काफी महत्वपूर्ण है— संस्था टी0बी0 रीच कार्यक्रम के तहत पूर्ण शिक्षित यक्षमा नियंत्रण कार्यक्रम के साथ मिलकर मार्च 2013 से मई 2014 के बीच 7316 लोगों की बलगम जाँच कराकर 589 टी0बी0 मरीज चिन्हित किए। इसी तरह अगस्त 2014 से जारी टी0बी0 रीच के द्वितीय फेज में अब तक 3803 लोगों की बलगम की जाँच की गई जिसमें मार्च 2015 तक 464 लोग टी0बी0 के मरीज निकले एवं सभी तरह के कुल 1035 मरीज चिन्हित किए गए, जिन्हें आर0एन0टी0सी0पी0 से डॉटस के साथ जोड़ने में संस्था की भूमिका सराहणीय रही है। इनके द्वारा टी0बी0 मरीज के चिन्हित करने वाले कार्यकर्ताओं को 300—300 रुपये की प्रोत्साहन राशि दिया जा रहा है जिससे उल्लेखनीय उपलब्धि मिल रही है। साथ ही मानसिक स्वास्थ्य कार्यक्रम एवं एच0आई0वी0 एडस नियंत्रण पर भी सराहणीय योगदान रहा है।

प्रधानमंत्री श्री नरेन्द्र मोदी द्वारा चलाए जा रहे बेटे पढ़ाओ बेटे बचाओ, एवं पी0एन0डी0टी0 के तहत जिला सलाहकार समिति की बैठक आयोजन कराने में, जिला निरीक्षण एवं मूल्यांकन समिति को सशक्त बनाने में एवं अन्य वैसे कार्य जिसे कन्या भ्रूण हत्या पर रोक लगाई जा सके के क्रियान्वयन में भूमिका सराहणीय है अभियान में भी सहभागिता रही है। संस्था द्वारा शिक्षा विभाग, स्वास्थ्य विभाग, पुलिस प्रशासन, आदि कई विभागों के साथ समन्वय स्थापित कर डायन प्रथा नियंत्रण पर किए गए प्रयास भी प्रसंशनीय है।

आप सबों के सहयोग से संस्था सीमित वित्तीय साधन से निरंतर अग्रसर होने का प्रयास कर रही है। आशा करती हूँ कि इसी प्रकार का आगे भी आप सभों का आपार स्नेह, मार्गदर्शन बना रहेगा।

  
स्वर्णलता रंजन  
कोषाध्यक्ष

**पंकज कु0 श्रीवास्तव**  
अध्यक्ष, जीएसकेवीएम

## विक्रम 'कलेक 0 लयि लसक

ग्रामीण समाज कल्याण विकास मंच की रजत जयन्ती वर्ष के शुभ अवसर पर इस संस्था से जुड़ा पाकर मैं खुद को खुशकिस्मत और गौरवान्वित महसूस कर रहा हूँ। विश्व स्तर पर भारत, राष्ट्र स्तर पर झारखण्ड और प्रदेश स्तर पर पलामू प्रमण्डल अगर भूख, गरीबी, बेरोजगारी और पिछड़ेपन का दंश झेल रहा है तो उसकी एक खास वजह है की यहाँ के लोग यथास्थितिवादी है। जैसा भी है उसी में जी लेगें, रह लेने की प्रकृति लोगों को विकास के सपने देखने से रोकती है। सामूहिक प्रयास के लिए एक दुसरे से कंधे में कंधा मिलाकर चलने की इच्छा शक्ति पैदा नहीं होने देती। लोगों के पास एक विकसित समाज की मुकम्मल परिकल्पना ही नहीं तो उसे पूरा करने का प्रयास क्या खाक करेंगें? ऐसे में संसाधन विहीन संस्था यहाँ विकास और समाज कल्याण के सपने देखे तो यह बियाबान जंगल में सुनसान रात में पत्थर पर पत्थर रगड़ कर चिनगारी पैदा करने का प्रयास है। इस संस्था की उपाध्यक्ष सकीना बेगम,

सचिव हशमत रब्बानी, कोषाध्यक्ष स्वर्णलता रंजन, सदस्य कांति लकड़ा, हीरामन सिंह, कुंदन पासवान की छोटी सी टीम एवं इससे पूर्व प्रबंधन ने पिछले पच्चीस वर्षों में जो कुछ किया है वह अदभुत है। इस संस्था में एक छोटी सी टीम खड़ी है जो कर्तव्य निष्ठा और संकल्प की मिसाल कायम करने में जुटे है। मैं उन सदस्य का आभार व्यक्त करता हूँ। उद्योग विभाग, स्वास्थ्य विभाग और अन्य सभी विभाग अपने कार्यक्रमों के क्रियान्वयन में हमसे सहयोग लेते हैं और इसी कल्पनाओं के बुते हम सहयोग करते हैं। मैं उन तमाम सरकारी/अर्द्धसरकारी विभागों के प्रति अपना आभार व्यक्त करता हूँ। पलामू प्रमण्डल स्तर पर कई छोटी-छोटी गैर सरकारी/स्वयंसेवी संस्थाओं ने अंधेरी रात में छोटे-छोटे दीपक जलाने का प्रयास किया है, इन सभी में हमारा औपचारिक/अनौपचारिक संवाद और सहयोग है। मैं इन सभी के प्रति अपना आभार व्यक्त करता हूँ। दानदा. ताओं ने अपने दान में सहयोग कर हमें उपकृत किया है, हमारा मार्गदर्शन किया है, मैं उन सभी के प्रति अपना आभार व्यक्त करता हूँ। पलामू प्रमण्डल स्तर पर कई व्यवसायिक संस्थान और वरिष्ठ नागरिकों ने अपनी उपस्थिति, अपने विचार में हमारा मार्गदर्शन किया है, हमारा उत्साह बढ़ाया है, मैं उन सभी के प्रति आभार व्यक्त करता हूँ। यह संस्था आगे भी अपने विचार और कार्यों से पलामू के विकास की नई इबादत लिखेगी, यह संकल्प व्यक्त करता हूँ।

## MESSAGE

*It is indeed a pleasure to know that Gramin Samaj Kalyan Vikas Manch (GSKVM) is completing Twenty Five years. We are glad that it has reached a significant milestone in supporting the initiatives of the voluntary sector in India. Your mission to eradicate poverty and promote self-reliance by improving the life of the poor through meaningful and socio-economic growth is phenomenal.*

*We appreciate the good work of Gramin Samaj Kalyan Vikas Manch (GSKVM) doing in the field of Tuberculosis, HIV/AIDS, Women empowerment and Bonded labour. May the efforts of Gramin Samaj Kalyan Vikas Manch (GSKVM) usher in a new era in the country to make social development truly transparent, accountable and professional.*

*We are happy that you are planning to bring out a special souvenir on the occasion of achieving this milestone. We wish Gramin Samaj Kalyan Vikas Manch (GSKVM) to achieve many more milestones in the future.*

*Best wishes for all success to the souvenir*

## MESSAGE

*It is indeed a pleasure to know that Gramin Samaj Kalyan Vikas Manch (GSKVM) is celebrating its silver jubilee. GSKVM vision to dreaming together for a better world for all is phenomenal.*

*GSKVM has resumed the TB Reach in collaboration with RNTCP of tuberculosis case finding project, supported by WHO/UNOPS, in Seven blocks viz. Chainpur, Ramgarh, Daltonganj, Nababazar, Bishrampur Pandu and Uthari Road blocks, under Daltonganj and Bishrampur TB Units in Palamu District, Jharkhand. A number of training sessions were conducted to 700 SAHIYA and health workers.*

*GSKVM is actively working in the field of TB care and Control, which results in reduction of NSP. After awareness program suspected patients were now actively visiting to DMC for TB test. The most important effect has been seen in raising awareness regarding TB. Previously TB was considered as an incurable disease, which was also associated with social stigma. Now after implementation of TB Reach project in the areas, people consider it as a common disease and don't hesitate to come forward for its early detection and treatment. Many tribal people living in remote areas prefer to go to the qualified doctors and Govt Hospitals rather than going to the faith-healers or to the unqualified quacks. In the field of programme management today RNTCP and health department is convinced that involvement of NGOs is helpful in TB Control.*

*Witch hunting prevention campaign is notable movement. GSKVM team have motivate, sensitize and strengthen the community of Palamu against the brutal practice of violence against women.*

*We wish you all the best for the Silver Jubilee to be a grand success and look forward to serve the state and nation.*

*Best wishes*

## MESSAGE

*Development deficits for communities has always been due to relative absence of distributive justice for the resources , information, knowledge, recognition and allegiance at the individual ,community, district, state, national and international level. Working for eliminating development deficits for individuals, households, social groups has been a major concern for civil society organizations. Knowing the consistent work GSKVM (Gramin Samaj Kalyan Vikas Manch) in this regard, It is pleasure to learn that this Jharkhand based organization is commemorating silver jubilee for its existence and dedicated interventions in health, education, women's empowerment, tribal development, minority education through awareness programmes, communication, policy advocacy and community based programmes with the participation of children ,women and all in the development process.*

*On this historic occasion for the organization, I extend my best wishes for the organization and all associated with the organization with best prayers for continued engagement with the inclusive and ecologically safe development processes in all the chosen regions with all the necessary support from donors from within and across the nations. Eliminating deficits in development indicators for all parameters is critical specially for low wealth group populations across the castes, religions and tribes and here organization needs to remain engaged with the support of all individuals and organizations complementing the state level and national level development processes meant for poverty eradication, health and education and creating distributive justice for renewable and non renewable resource based life support systems. The community based intervention for health, education and livelihood promotion is most significant. I am especially impressed with the programmes for mental health and elimination of witch-hunting which GSKVM has taken up with the support of organizations. Also, I believe the skill development programmes would significantly contribute in the vision of Make in India while realizing the 12th Plan goals for development which as per the motto must be inclusive and environmentally sustainable.*

## Message

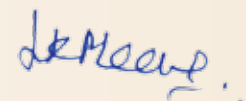

Dear friends at GSKVM,

It is our pleasure to know that Gramin Samaj Kalyan Vikas Manch (GSKVM), Palamu, Jharkhand is completing Twenty Five years. We are glad that it has reached a significant milestone in supporting the initiatives of the voluntary sector in India. Its mission to eradicate poverty and promote self-reliance by improving the life of the poor through meaningful and socio-economic growth is phenomenal. We appreciate the good work of Gramin samaj Kalyan Vikas Manch (GSKVM) doing in the field of Tuberculosis, HIV/AIDS, Women empowerment, witch Hunting prevention and Bonded labour.

GSKVM also undertook Witch Hunting prevention project, a pilot convergence model for women empowerment under National Mission for Empowerment of Women, M/o Women & Child Development. The aim of this program was to ensure strict & forceful implementation of the Witchcraft Prevention Act 2001 and motivate, sensitize and strengthen the community against this brutal practice of violence against women. As per information more than 25000 people have joined signature campaign for prevention of witch hunting practices till March 2015.

We are happy that you are planning to bring out a special souvenir on the occasion of achieving this milestone. We wish Gramin Samaj Kalyan Vikas Manch (GSKVM), Palamu, Jharkhand to achieve many more milestones in the future. We wish you all the best for the Silver Jubilee to be a grand success and look forward to a glittering golden jubilee in times to come.

Best wishes,

*Dear Friends and Team of GSKVM!*

*It is indeed a pleasure to know that Gramin Samaj Kalyan Vikas Manch (GSKVM) is completing its silver jubilee. I am glad that it has reached a significant milestone in supporting the initiatives of the voluntary sector in India. I appreciate the good work of GSKVM in the field of Tuberculosis, HIV/AIDS, Women empowerment and Witch Hunting prevention. I also appreciate GSKVM team for tangible outcome of some social campaign initiated by the Honorable Prime Minister like Jan Dhan Yojna and Beti Padhao-Beti Bachao campaign.*

*I am happy that you are planning to bring out a special souvenir on the occasion of successful completion of 25 years of your organization in the field of bringing social awareness and alleviating the life of communities. I wish GSKVM to achieve many more milestones in the future.*

*I wish you all the best for the Silver Jubilee to be a grand success.*

*Best wishes*

## Message

*I want to congratulate Gramin Samaj Kalyan Vikas Manch for its 25th Years of solid social service to people of Jharkhand.*

*We followed your serious and effective work in Tuberculosis detection in the Palamu district and recognise the results obtained in identifying cases that would otherwise never have been detected, treated and cured. That was obviously a clear positive result for the people affected and their families and also for the whole of the community as it reduces the possibility of the disease disseminating further and is a clear contribution to stop Tuberculosis being a major cause of human suffering and death.*

*I hope GSKVM and its operations leading to positive social transformation will continue in the years to come and will be seed for many other in the never ending story of the human fight for, as your vision statement says, a caring, sharing and self reliant society founded on the value of justice peace and love.*

हमें यह जानकर खुशी हुई कि ग्रामीण समाज कल्याण विकास मंच अपने स्थापना काल 1990 से सामाजिक गतिविधियों से जुड़कर झारखण्ड में 25 वर्षों की लम्बी दूरी तय की है। संस्था जिला उद्योग केन्द्र के साथ जुड़कर 1998 से 2008 तक प्रधानमंत्री रोजगार योजना (PMRY) का प्रशिक्षण सफलतापूर्वक संचालन के बाद खादी एवं ग्रामोद्योग आयोग, से अनुमोदित उद्यमिता विकास संस्थान के रूप में पलामू गढ़वा एवं लातेहार जिलों में प्रधानमंत्री रोजगार सृजन कार्यक्रम (PMEGP) जो भारत सरकार के सूक्ष्म, लघु एवं मध्यम उद्यम मंत्रालय (MSME) द्वारा प्रायोजित है अन्तर्गत पलामू प्रमण्डल में 2009 से मार्च 2015 तक PMEGP लाभार्थियों का EDP प्रशिक्षण दिया गया। वित्तीय वर्ष 2014 -15 के दौरान लगभग 250 उद्यमियों को प्रशिक्षण दिया गया एवं सम्बंधित बैंकों से ऋण स्वीकृति उपरांत उद्यम स्थापना में सहयोग दिया ताकि रोजगार के अवसरों का सृजन हो। संस्था द्वारा यक्षमा नियंत्रण की दिशा में सराहणीय प्रयास किया जा रहा है जिसमें 600 सहियाओं की मदद से उल्लेखनीय उपलब्धि हुई है। प्रधानमंत्री श्री नरेन्द्र मोदी द्वारा चलाए जा रहे बेटी पढ़ाओ बेटी बचाओ, प्रधानमंत्री जन धन योजना अन्तर्गत व्यक्तिगत खाता खोलना एवं स्वच्छ भारत अभियान में भी सहभागिता रही है। संस्था द्वारा शिक्षा विभाग, स्वास्थ्य विभाग, पुलिस प्रशासन, आदि विभागों के साथ समन्वय स्थापित कर डायन प्रथा नियंत्रण पर किए गये प्रयास भी प्रशंसनीय है। उपरोक्त कार्यक्रम के प्रभारी स्वर्णलता रंजन के योगदान को भुलाया नहीं जा सकता।

25 वें वर्षगांठ के अवसर पर स्मारिका प्रकाशन पर हम हार्दिक शुभकामना देते हैं और आशा व्यक्त करते हैं कि संस्था भविष्य में भी सामाजिक कार्यों में अग्रसर रहेगी।

शुभकामनाओं सहित

## संदेश

हमें यह जानकर खुशी हुई कि ग्रामीण समाज कल्याण विकास मंच पलामू ने अपनी सामाजिक सरोकार से जुड़े कार्यक्रमों को झारखण्ड में चलाते हुए 25 साल की लम्बी दूरी सफलता पूर्वक तय की है। इनके द्वारा भारत सरकार के सूक्ष्म लघु एवं मध्यम उद्यम मंत्रालय द्वारा चलायी जा रही प्रधानमंत्री रोजगार सृजन कार्यक्रम के अन्तर्गत पलामू प्रमंडल के उद्यमियों द्वारा अपना उद्योग स्थापित कराने में उल्लेखनीय योगदान रहा है। इसके अलावा संस्था ने स्वास्थ्य सेवा एवं सामाजिक कुरीतियों को दूर करने एवं महिला सशक्तिकरण में भी लगातार योगदान दे रही है।

संस्था के 25वीं वर्षगांठ पर स्मारिका के प्रकाशन के अवसर पर हम अपनी हार्दिक शुभकामनायें प्रेषित करते हैं और संस्था भविष्य में और भी सशक्त सामाजिक कार्यक्रमों के साथ कार्य करती रहे, इसकी कामना कहते हैं।

धन्यवाद ।

*It is indeed a pleasure to know that Gramin Samaj Kalyan Vikas Manch (GSKVM) is completed silver jubilee. GSKVM vision to dreaming together for a better world for all is phenomenal. Community Mental Health and Witch hunting prevention campaign is notable movement. GSKVM team has motivated, sensitized and strengthened the community of Palamu against the brutal practice of violence against women.*

*GSKVM and its team are associated with this office from 2011-12 GSKVM has closely worked with Directorate of Soil Conservation, Government of Jharkhand and completed the NRRA supported Programme in Palamu District-A pilot project on Rice fellow with close co-ordination with DSCO, Palamu.*

*We wish you all the best for the Silver Jubilee to be a grand success and look forward to serve the state and nation.*

Best wishes

## Message

*It gives me pleasure to know that Gramin Samaj Kalyan Vikas Manch (GSKVM) is completing silver jubilee. We appreciate the good work of Gramin Samaj Kalyan Vikas Manch (GSKVM) doing in the field of Tuberculosis, Targeted Intervention for HIV/AIDS control, With Hunting prevention and others activities.*

*The Targeted Intervention project is being implemented by the GSKVM in Deoghar District for last five consecutive years. The objective of this project is to reduce the problems of RTI/STI and prevent the high risk target groups from HIV/AIDS. The strategy and approaches of the programme are enabling environment, promotion of condoms, providing clinical services, and promoting Behavioural Change Communication, community mobilisation, Referral and Linkages & STI management among the targeted to sensitize, aware & educate 800 of female sex workers (FSWs) along with provision of clinical services to prevent them from HIV/AIDS.*

Best wishes

## Message

Dear friends at GSKVM

*It gives us immense pleasure in writing a few words on the occasion of Silver Jubilee Celebration of Gramin Samaj Kalyan Vikas Manch, a member organisation of AVARD. In fact, the celebration of Silver Jubilee by any organisation itself speaks a lot about its continuity with commitment and contribution to the society. The services rendered by GSKVM in the areas of identification as well as treatment of TB and HIV/AIDS among female sex workers deserve special appreciation.*

*We are sure, the organisation after celebrating its Silver Jubilee will continue its crusade against deadly diseases and set new standards of service to humanity.*

*We wish you all the best for the Silver Jubilee to be a grand success and look forward to a glittering golden jubilee in times to come.*

## Message

*It gives me pleasure to know that Gramin Samaj Kalyan Vikas Manch (GSKVM) is completed its silver jubilee. We appreciate the better work of GSKVM doing in the field of health and others development sectors.*

*By the implementation of TB control project GSKVM found various other positive results in the community. The most important effect has been seen in raising awareness regarding TB. Previously TB was considered as an incurable disease, which was also associated with social stigma. Now after implementation of TB Reach project, people consider it as a common disease and don't hesitate to come forward for its early detection and treatment. Many tribal people living in remote areas prefer to go to the qualified doctors and Govt Hospitals rather than going to the faith-healers or to the unqualified quacks. In the field of programme management today RNTCP is convinced that involvement of NGOs is helpful in TB Control. There is more transparency in the data quality. In the community based treatment all the stakeholders have become more responsible for treatment adherences. Consequently the rate of treatment success has been increased.*

*Apart from the TB project, another key area the organization focused on was Targeted Intervention (TI). 'Targeted Intervention project' is being implemented by the GSKVM in Deoghar District since 2009-10 in collaboration with JSACS/NACO. The project has been focused to sensitize, aware & educate of female sex workers (FSWs) along with provision of clinical services to prevent them from HIV/AIDS.*

*It is notable of Witch Hunting prevention campaign to ensure strict & forceful implementation of the Witchcraft Prevention Act 2001 and motivate, sensitize and strengthen the community against this brutal practice of violence against women.*

*Best wishes*

## संदेश

हमें यह जानकर खुशी हुई कि ग्रामीण समाज कल्याण विकास मंच अपने स्थापना काल 1990 से पलामू जिले में शिक्षा, स्वास्थ्य एवं सामाजिक कार्यक्रमों से जुड़कर झारखण्ड में 25 वर्षों की लम्बी दूरी तय की हैं। संस्था द्वारा पलामू जिले में विगत 5 वर्षों से यक्ष्मा नियंत्रण की दिशा में सराहणीय प्रयास किया जा रहा है संस्था द्वारा चैनपुर, डालटनगंज एवं विश्रामपुर उप-स्वास्थ्य केन्द्र अंतर्गत 600 सहियाओं को टी.बी. खोज अभियान में प्रभारी चिकित्सा पदाधिकारी एवं जिला यक्ष्मा पदाधिकारी के मार्गदर्शन में प्रशिक्षण दिया गया एवं उनकी मदद से सैकड़ों अतिरिक्त टी.बी. मरीज चिन्हित किए गए जिन्हें आर.एन.टी.सी.पी. से डॉट्स के साथ जोड़ने में संस्था की भूमिका सराहणीय रही है। इनके द्वारा टी.बी. मरीज के चिन्हित करने वाले कार्यकर्ताओं को 300-300 रुपये की प्रोत्साहन राशि दिया जा रहा है जिससे इन्हें उल्लेखनीय उपलब्धि मिल रही हैं।

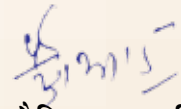

संस्था द्वारा मानसिक रोगियों को सामुदायिक पुनर्वास, स्कूल स्वास्थ्य कार्यक्रम एवं एच.आई.वी. एड्स नियंत्रण पर भी सराहणीय योगदान रहा है।

माननीय प्रधानमंत्री द्वारा चलाए जा रहे बेटे पढ़ाओ बेटे बचाओ, एवं पी.एन.डी.टी. के तहत जिला सलाहकार समिति की बैठक आयोजन कराने में, जिला निरीक्षण एवं मूल्यांकन समिति को सशक्त बनाने में एवं अन्य वैसे कार्य जिसे कन्या भ्रूण हत्या पर रोक लगाई जा सके के क्रियान्वयन में इनकी भूमिका सराहणीय है एवं बेटे बचाव अभियान में भी सहभागिता रही है।

संस्था द्वारा शिक्षा विभाग, स्वास्थ्य विभाग, पुलिस प्रशासन आदि कई विभागों के साथ समन्वय स्थापित कर डायन प्रथा नियंत्रण पर किए गये प्रयास भी प्रशंसीय है। जिसके प्रभारी स्वर्णलता रंजन के योगदान को भुलाया नहीं जा सकता।

25 वें वर्षगाँठ के अवसर पर सोविनियर प्रकाशन पर हम हार्दिक शुभकामना देते हैं और आशा व्यक्त करते हैं कि संस्था भविष्य में भी स्वास्थ्य समाज बनाने में अग्रसर रहे।

शुभकामनाओं सहित

*It gives me immense pleasure to send my compliments to Promoters of Gramin Samaj Kalyan Vikas Manch (GSKVM), Palamu on the occasion of Silver Jubilee celebration of its foundation. 25 years of its successful existence speaks a lot about its commitment and perseverance to pursue its objectives. They have stood the test of time and have won confidence of all sections of the society.*

*The issues taken up by Gramin Samaj Kalyan Vikas Manch are socially relevant such as TB Reach support, Mental Health and Development and prevention of witch hunting. In addition to these issued they are accredited EDP training centre in 3 districts of Palamu, Garhwa and Latehar and have provided management training to beneficiaries identified under PMEGP in the last financial year (2014-15).*

*I extend my greetings and best wishes to Gramin Samaj Kalyan Vikas Manch, Palamu and hope they will be able to reach and help many more needy persons in future.*

## Message

*It is indeed a pleasure to know that Gramin Samaj Kalyan Vikas Manch (GSKVM) has publishing its souvenir - 25th Annual Report 2015. We appreciate the good work of GSKVM doing in the field of Birth Registration and awareness child rights.*

*GSKVM and its team are associated with this office since 2002. Society has closely worked with District Statistical Department for promotion of Birth registration in the district on REGISTRATION OF BIRTHS AND DEATHS ACT, 1060 and PNDDT Act 1994,. GSKVM have promoted camps, AXSM AND IEC in Statistical reporting.*

*GSKVM has been supporting the development of a functional registration system that ensures all children are registered immediately after birth. Through ACSM event, GSKVM motivated the people about laws and regulations, competent human resources, standardized procedures and infrastructure that ensure the system, permanent, continuous, compulsory and universal accessible. GSKVM is also advocating viewing birth registration as a fundamental right for all children. It also needs to be seen as important for gathering vital statistics that statistics are essential for good planning. Beside this GSKVM has also performed economic survey in Palamu.*

*We wish all the best for the Silver Jubilee to be a grand success and look forward to a glittering other occasion.*

Best wishes

*Message for GSKVM Souvenir-25th Annual Report 2015*

*As one of the partners of Stop TB Partnership Program of WHO & UNOPS, GSKVM (Gramin Samaj Kalyan Vikas Manch) has been providing operational support to RNTCP (the Revised National TB Control Programme) in Palamu district in Jharkhand. During the period from 1st April 2013 until the summer of 2015 GSKVM is and has been, extending RNTCP's outreach to tribal communities in the District through a grant from the Partnership under a global programme called TB REACH. The work consists of increasing community awareness of TB in rural villages and working with sahiyas to identify the cases of TB and get them properly diagnosed free of charge. The sahiyas also have a role in ensuring that patients continue to take their treatment until they are fully cured.*

M.H. Rabbani, Secretary along with IMA president, RDDH Dr. Rajeshwar Singh & Circle Office Mr. J. K. Mishra. Dt. 25.01.2015

### A STEP TOWARDS UNIVERSAL ACCESS OF TB SERVICES

GSKVM has resumed the TB Reach in collaboration with RNTCP of tuberculosis case finding project, supported by WHO/UNOPS, Geneva in seven blocks viz. Chainpur, Ramgarh, Daltonganj, Nababazar, Bishrampur Pandu and Uthari Road blocks, under Daltonganj and Bishrampur TB Units in Palamu District, Jharkhand. A number of training sessions were conducted to 700 SAHIYA and health workers. GSKVM has resumed the TB Reach tuberculosis case finding project, supported by WHO/UNOPS, in seven blocks viz. Chainpur, Ramgarh, Daltonganj, Nababazar, Bishrampur, Pandu and Uthari Road, under Daltonganj and Bishrampur TB Units. A number of training sessions were conducted to SAHIYA and paramedical team. During the period from 1st April

2013 to 30th June 2014, GSKVM in association with RNTCP has diagnosed 7216 sputum and we have identified 1482 all form TB cases and 579 NSP cases. TB Reach has continued its support in the 2nd phase from

Lata, DPC Chandramani, DTO Dr. Birendra Prasad & MOI/c Dr. Om Prakash Singh addressing TB message on 01.09.2014

25 years of commitment, attraction, care, effective, togetherness, love, happiness - **Happy Silver Jubilee**

August 2014 till December 2015. Total 4546 number of sputum samples have been examined out of which 797 were confirmed TB patients and 343 New Sputum positive cases. TB Reach Programme is on the mid way of project implementation and have been able to show a satisfactory outcome so far. GSKVM is actively working in the field of TB care and Control, which results in reduction of NSP. After awareness program suspected patients where now actively visiting DMC for TB test. The most important effect has been seen in raising awareness regarding TB. Previously TB was considered as an incurable disease, which was also associated with social stigma. Now after implementation of TB Reach project in the areas, people consider it as a common disease and don't hesitate to come forward for its early detection and treatment. Many tribal people living in remote areas prefer to go to the qualified doctors and Govt. Hospitals rather than going to the faith-healers or to the unqualified quacks. In the field of programme management today RNTCP and health department is convinced that involvement of NGOs is helpful in TB Control.

World TB Day 2015: "Reach the 3 Million: Reach, Treat, Cure Everyone" Every year, on 24 March, the world observes World TB Day (WTBD), one of the world's top health challenges with 9 million new TB cases and the deaths of

Sahia and Paramedical Team are agree to join the Campaign of Eradicate from Jharkhand

nearly 1.5 million people each year. The Day is an occasion to mobilize political and social commitment for further progress towards eliminating TB as a public health burden. We observed the World TB Day 2015. We have urged all partners to continue their commitment to find, treat and cure all people with TB and accelerate progress towards the bold goal of ending TB by 2035. Main message have been Reach, Treat, Cure Everyone. DTO, CS, RDDH and RNTCP officials were present. In the morning a rally was conducted by TB Reach team to bring awareness about TB in general mass. TB Reach team and CS Dr. Vijaykr. Singh flagged off the rally. Ms. Lata led the rally. A slogan 'TB will defeat, country would win' was highlighted. Afterwards a seminar was conducted. ANM, volunteers and medical staff were present. Good practices were promoted. Some volunteers, Sahiyas, LTs were awarded for their contribution for care and control of TB.

## SYMPOSIUM ON TB CONTROL WITH IMA AND RNTCP

On 25TH January 2015, GSKVM celebrated its 25th Foundation Day. The venue of the event was 'IMA Hall', Daltonganj. On the occasion of that special day a symposium on TB control was collectively organized by GSKVM, RNTCP-Palamu and IMA.

All renowned doctors available in the city were present. Dr. Rajeshwar Singh the Regional Director of Health Dept. obliged us by his presence as the Chief Guest. Dr. Vijay Kumar Singh, the Civil Surgeon of Palamu was present as the Special Guest. The programme began with the lighting of inaugural lamp by the Civil Surgeon of Palamu, Dr. Vijay Kumar Singh followed by Dr. Virendra Prasad, the DTO- Palamu, Dr. Awadhesh Kumar, the Secretary of IMA, and Ms. Swarnalata Ranjan, the Programme Officer of GSKVM. The programme began at 6 pm and continued till 10 pm.

Md. Hasmat Rabbani, the Secretary of GSKVM anchored the programme. Dr. Vijay Kumar Singh the

WHO Consultant Dr. Vaibhav Ghole, DTO, CS Dr. V.K. Singh & TB Reach Team Lighting the Lamp on 25.01.2015

Civil Surgeon has presided over programme. Welcome address was delivered by the Programme Officer of GSKVM Ms. Swarnalata Ranjan. In her address she said that worldwide 9 million patients have been afflicted with TB but various initiatives of government institutions cover only 6 million. Therefore about 3 million TB patients are yet to get any help, out of which 1 million are in India. It is a challenge to us to reach

*DOTS - Assure complete cure-Sure cure for TB*

out to those, she added. At the same time, MDR TB is posing a great threat to us. If we do not find a solution to this in time, the situation will turn grim.

Speaking on this occasion, the District TB Officer Dr. Virendra Prasad said, TB is of four types. CAT 1 refers to a new type of TB, CAT2 refers to relapse of TB in a patient, CAT 3 used to break out previously but not now and CAT 4 refers to MDR TB. While elaborating this Dr. Prasad said, if bacteria are not totally killed, it gives rise to MDR TB. MDR TB spreads MDR TB, so it is essential to stop its spread. Urging all private practitioners he requested to follow the RNTCP guideline and not to make any issue on this. As per the guideline, sputum must be tested in the beginning. If TB germs are not found, then X-Ray is to be done. He further said that sputum microscopy cannot diagnose MDR-TB. Moreover MDR drugs have lot of side effects. Now XDR-TB is breaking out which is the last stage of TB.

Speaking on the occasion IMA Secretary Dr. Awadhesh Kumar said that Palamu's contribution to controlling TB is good but TB notification is not up to the mark. Addressing the all the doctors he said that private practitioners can treat TB patients, but they must RNTCP in notice. Dr. Awadhesh Kumar also said that government establishments are responsible for increasing MDR TB. Discussing on a particular brand of cough syrup, he said that it has no role in controlling TB. This syrup is given to patients while essential drugs are not available in stock. The matter was discussed on policy and said that doctors who have taken training from RNTCP on TB control are transferred which is a wrong practice. He also mentioned that the Government hospitals have costly machines but do not have doctors to operate them. He emphasized TB eradication programme all over division through NGO like GSKVM. Senior physician Dr. Ajay Kumar Singh claimed that about 80% of TB patients seek treatment from private doctors. Only 20% come to government programme run by RNTCP. He suggested

that compounders of private doctors should be made DOTS provider and if they are given Rs1000/- per case as incentive, then their interest will increase and it will be a great step to a TB free society. Senior doctor Dr. RP Singh said that Palamu is ranking seventh position in healthcare development. Rigorous effort has to be made to get the first place. At the same time he advised to identify, which particular castes are prone to TB. Senior physician Dr. MP Singh criticized that the doctor are meeting after two years. Then how Palamu can come to number one? Compounders of doctors and two staff members have to be trained so that doctors get more help in finding TB cases and notifying them, he added.

Dr. Vaibhav Ghule, the WHO consultant, presented a Global TB Report by using an Over Head Projector and said that in India every year 10 lakh persons fall prey to TB. Discussing on MDR he said that 3.5 % new MDR cases are being diagnosed every year. Out of that total MDR cases only 48% are treated. To ensure a TB free society Dr. Ghule has made a framework till 2035. By the year 2020, it is targeted that 35 % of mortality due to TB must be reduced. By 2025 it is to be brought down to 75 % and by 2035 deaths due to TB must be reduced to 95 %. He also gave information on the programmes run by various voluntary organizations for prevention and control of TB. Discussing on notification of TB he said that TB must be notified as a disease since 7th May 2012. For information he mentioned the link: <http://www.nikshay.gov.in/HFUSER/HFLogin.aspx>.

Before the end of the programme an episode of Amir Khan 'Satyamev Jayate' was shown and prevention of TB was discussed. While giving vote of thanks at the end the Secretary of GSKVM Md. Hasmat Rabbani announced that a training-workshop would be conducted jointly by GSKVM and IMA on 7th February, 2015. He wanted the compounders of all the private doctors to attend this workshop and requested the doctors to send their compounders to this workshop which would be given free of cost.

### SERIES OF WORKSHOP FOR TB CASE DETECTION:

GSKVM has resumed the TB Reach tuberculosis case finding project, supported by WHO, since August 2014 in Seven blocks viz. Chainpur, Ramgarh, Daltonganj, Nababazar, Bishrampur, Pandu and Untari Road, under Daltonganj and Bishrampur TB Units. The programme is being implemented under TB Reach Wave 3 for the 2nd year in collaboration with RNTCP, Palamu.

In order to give orientation to the field workers locally called Sahiyas, GSKVM organized a one-day workshop at Chainpur in Palamu District on 20th August 2014. Dr. SKP Yadav, Medical Officer I/c presided over the workshop. Civil Surgeon of Palamu and Renowned medical practitioner Dr. Vijay Kumar Singh, along with Dr. Vijendra Prasad, the TB Officer of Palamu. Inaugurated the function by

*TB is curable-Our goal is TB free world/Help taking DOTS - Stop spreading MDR*

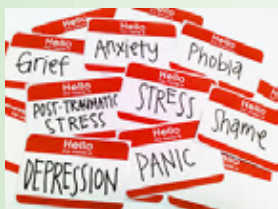

lighting the inaugural lamp TB Reach Project Manager Ms. SwarnalataRanjan and District Programme Manager of Health Mr. Chandramani Kumar were also present on the dais among

others. MdHasmatRabbani, the Secretary of GSKVM anchored the inaugural function. The workshop, which was organized to give orientation for searching out tuberculosis cases and its treatment, was attended by over 200 Sahiyas. Addressing the Sahiyas, Dr Vijay Kumar Singh, Chief Medical Officer/CS Palamu said that tuberculosis is neither the evil result of our earlier birth nor it is associated with social stigma. Cure from TB is possible by regular and complete treatment. He highlighted the basic symptoms of tuberculosis like, cough persisting more than two weeks, loss of appetite, sweating and fever at night, weight loss, chest pain and blood with sputum. He also cautioned that suspects should not shy away from treatment. Speaking on the occasion MrNanduChaudhury, the Technical Officer of RNTCP –Palamu said that people of the age group 15-35 fall prey to TB due to professional hazards. He also added that, over three lakh children are deprived of formal education and over one lakh women are discarded every year because of tuberculosis in our country. He was much concerned about quality of sputum sample, collected for examination in the laboratory. He cautioned that patients need to give sputum and not saliva for tests. One needs to know the

right technique of producing sputum. His advice was that patients need to go to an open field, take a few deep breaths and then produce actual sputum samples for tests. District Tuberculosis Officer DrBirenendra Prasad said that patients afflicted with HIV must undergo tests for tuberculosis. Old tuberculosis patients and their families must be referred to for treatment. He said that a decade ago, one tuberculosis patient used to die in each minute. Today one patient dies in every three minutes. He also mentioned that one TB patient can spread the disease among fifteen normal persons in a year. Such events also conducted in Daltonganj and Bishrampur Community Health Centre under Supervision of Concern MOI/c. Altogether 600 SAHIYA/ASHA, 30Sahiya Sathi, 16 BTT,15RNTCP team,25 Para Medical Staff and 105 ANM trained on TB case detection. As methodology, GSKVM encouraged Sahiyyas for sputum sample referral to microscopy centers by incentivizing them Rs.300/- in the 2nd year. Government doesn't incentivize the sputum sample referral through ANMs; BTTs. GSKVM tried incentivized approach through all these for TB care adherence. GSKVM has identified 506 nos. of cases making 128 additional cases in comparison to last year by involving 600 sahiyas by providing incentives. In view of Jharkhand having 41000 trained sahiyas it is assumed that the state can easily identify about 9000 additional cases by involving all the sahiyas through incentive.

## COMMUNITY MENTAL HEALTH AND DEVELOPMENT:

We execute the community mental health programme.

We work for identification of mentally disordered patients, its mental health development and identification in the community. We ensure to take care for their emotional security and protection food alienation as per consultation with medical

specialist. We ensure their social rehabilitation after treatment. Where ever the need arises we referred the matter to RINPAS. We organized different meeting and workshop at divisional level on the eve of World Mental health day. We have proper documentation of each case and patient individually. GSKVM team has identified 565 people with Mental illness out of 333 are receiving treatment. 14 volunteers have been trained on Mental illness.16 SHGs have been formed on theme of mental

health. In which 36 are Mentally ill people and 34 are their guardian.34 mentally ill patients are in livelihood sustainable activities.55 parents are involved in betterment of patient livelihood.47 Mentally ill are engaged in household activities.176 care takers have been promoted for their regular care and control for mental illness.

District Mental Health Programme, Palamu Team, with Mental Patients

*Mental togetherness quotes that strengthen your mind set and character*

## ENVIRONMENTAL CONSERVATION AND POLLUTION CONTROL:

We organized awareness programmes among school student to make them conscious citizen in future over the issue. After brains storming certain slogans were evolved by school student themselves like; Think globally- act locally. For the sustainability of life on earth, check environmental pollution. Let us live and other animal also live on the earth, it is their also. Be vegetarian-Don't make your stomach cemetery. Say no to pesticide. Use bicycle,avoid motorcycle if possible.

It pollutes.Earth doesn't belong to ourselves, but we belong to earth only. By polluted intoxication, we are inviting ourselves of being endanger us spics. It is not enough what we know about environmental

conservation and pollution control, but much important what we do for it. We are trying to spread the message through school student and other stake holders.

## TARGETED INTERVENTION PROJECT (TI PROJECT) :

**Make your  
PROMISE to STOP AIDS**

Targeted Intervention Program for FSWs on HIV/ AIDS being supported by NACO/ JSACS, Ranchi (Jharkhand; (iii) The TI project is being run by the organization for last four consecutive years. It is one of the most crucial projects

being implemented by the organization in the 17 major hotspots of Deoghar town in Jharkhand. The objective of this project is to reduce the problems of RTI/ STI and prevent the high risk target groups from HIV/ AIDS. The strategy and approaches under this programme are enabling environment, promotion of condoms, providing clinical services, and promoting Behavioral Change Communication among the target groups who come in the category of high risk behavior group. This is a running project and has been targeted to sensitize, aware & educate 800 of FSWs along with provision of clinical services to prevent them from HIV/ AIDS.

- ☞ Follow up of HRG,FSW & HIV Patients
- ☞ IEC-Role play, Wall writing, Street Play, Audio-Vi-sual, rally within red light areas
- ☞ Materials development and distribution

Some earlier slogan highlighted- AIDS Campaign with Children & Young People, AIDS: Men Make a Difference, I care. Do you?, Stigma and Discrimination, Women, Girls, HIV and AIDS, Stop AIDS. Keep the Promise – Accountability, Promise – Lead – Empower – Deliver, Universal Access and Human Rights, 2015 getting to Zero.The objective of TI is to preventive high risk group (HRG/FSW) and reduce the problems of STI/RTI in Deoghar District. Moreover this TI project has also been targeted to sensitize awareness and educate among target groups. Main component of TI is (i)Behavior change communication(BCC).(ii) Condom promotion (iii)STI Management(iv)Referral and linkage (v)Enabling environment(v) Community Mobilization.TI project is being run by the organization for last six consecutive years.

### Our Assignments were:

- ☞ Behavior Change communication FSW(Female Sex Workers).
- ☞ Condom Promotion among FSW
- ☞ Referral and linkages among FSW
- ☞ STI Management among HRG & FSW
- ☞ Enabling environment
- ☞ Capacity building among targeted group
- ☞ SHG formation among HRG/FSW
- ☞ Community mobilization

## WITCH HUNTING PREVENTION

Apart from other problems witchcraft is emerging as one of the most brutal issue related to women violence in Palamu, Jharkhand. Now it has become as an easy task for the family or the community to condemn such kind of crime with the support of community. This particular issue is common in rural areas of Jharkhand. The percentage of witch craft and witch hunting cases is continuously increasing. Although government has developed Witchcraft Prevention Act in the year 2001, but no such strict action is taken against the offender involved in such crime. Neither the women are getting proper protection & security who are the victims of witchcraft. The major reason behind this is high percentage of illiteracy, belief & practices of false myth and misconceptions, superstition, dependency on Ojha, Guni and baidh for treatment, lack of awareness, etc among the rural community. Not such initiatives are taken of wider scale by government or any voluntary organization on this particular issue. Thus the proposal has been developed to check down the cases of witch craft & witch-hunting through awareness and education of masses and sensitizing government for strictly enforcing the Witchcraft Prevention Act 2001 to have controlled over this brutal crime with ensured security and protection to the women.

Project is running with team spirit of Project Manager, Assistant & Advocate under supervision of Secretary of GSKVM. Project management is of two types - i.e. internal management and external management/evaluation. Internal management will be done Management team along with experts of the organization on half yearly basis.

Witch hunting awareness workshop in school/college by GSKVM TEAM

Today in most of the cases, a widow, deserted, divorced or the older women are often the soft targets who are termed as practicing witchcraft and considered ill women to the village and society. The situation has become so pitiful that even in the case of any accidental death or death due to diseases or the loss of cattle, always some woman is held responsible for it. Often they are asked to desert the village, are paraded naked in the village and many a times are stoned to death. GSKVM also undertook Witch Hunting prevention project, a pilot convergence model for women empowerment of National Mission for Empowerment of Women. The aim of this program was to ensure strict & forceful implementation of the Witchcraft Prevention Act 2001 and motivate, sensitize and strengthen the community against this brutal practice of violence against women. Till March more than 25000 people have joined signature campaign for prevention of witch hunting practices.

## SOCIAL INTERVENTION OF ARTISAN AHVY GARHWA CLUSTER

Community Empowerment for mobilization of Artisans into Self Help Groups (SHGs) to be completed by the implanting Agency/GSKVM. The survey work in

GSKVM and AHVY artisan cluster at China/Ranka in Garhwa District

each cluster have been completed and the reports has been submitted to DC (H)Ranchi. The mobilization of Artisans into SHG groups has been completed. Office bearer i.e. President, Secretary and treasurer have been selected. The GSKVM has organized different awareness camp; large group discussions, Small group meeting. 31 Bank accounts in 31 Artisans SHG have been opened in different regional bank located in cluster/District level. We have also opened 125 Bank accounts of Individual Artisans under Prime Minister Jan Dhan Yojna. Rest is in Process. The survey data have been submitted to DC (H) Ranchi

The first step for the survey was conducting large

*Interventional design as mechanism for social intervention*

group meetings of Craft persons in different parts of the Village. One large group discussion and five focus group discussions were held during the period from April 2013 to March 2015. The concentrations of craft persons are in Ranka and Chinia Cluster. Hence, two focus group discussions were held in these areas. Two focus group and one large group discussion were held in. Apart from the Craft person, people's representatives of Grama-Panchayats, Government Officials and representatives of major institutions have participated in such group discussions. Formation of cluster/Company will be done in 2nd and 3rd years. To develop Zari, Embroidery and Jute Zari clusters in to Self Help Groups (SHGs) or Co-operative Societies with a view to enabling them to take up economic activity for sustainable development. Handicrafts are

facing the stiff challenge from machine-made goods and efforts should be made for the revival and survival of handicraft items. It has been observed that emphasis should be given on modification and development to improve tools and equipment, which are acceptable and comfortable to the craftsmen for products of high quality products as well as are economically viable. These products will then be in a position to surpass the machine made items and will be the prized attraction and possession of the customers. New goal has been set up; to bring improvement in the socio-economic status of the artisans by creating conducive environment through enhancing their technical & Entrepreneur skill, bargaining capacity and sustainable livelihood within the project area in the span of Four to five year.

### RIGHT TO EDUCATION:

The RTE act provides for the Right of children to free and compulsory education till completion of elementary education in a neighborhood school. It clarifies that 'compulsory education' means obligation of the appropriate government to provide free elementary education and ensure compulsory admission, attendance and completion of elementary education to every child in the six to fourteen age group. 'Free' means that no child shall be liable to pay any kind of fee or charges or expenses which may prevent him or her from pursuing and completing elementary education.

It makes provisions for a non-admitted child to be admitted to an age appropriate class.

It specifies the duties and responsibilities of appropriate Governments, local authority and parents in providing free and compulsory education, and sharing of financial and other responsibilities between the Central and State Governments.

It lays down the norms and standards relating inter alia to Pupil Teacher Ratios (PTRs), buildings and infrastructure, school-working days, teacher-working hours.

It provides for rational deployment of teachers by ensuring that the specified pupil teacher ratio is maintained for each school, rather than just as an average for the State or District or Block, thus ensuring that there is no urban-rural imbalance in teacher postings. It also provides for prohibition of deployment of teachers for non-educational work, other than decennial census, elections to local authority, state

legislatures and parliament, and disaster relief.

It provides for appointment of appropriately trained teachers, i.e. teachers with the requisite entry and academic qualifications.

It prohibits (a) physical punishment and mental harassment; (b) screening procedures for admission of children; (c) capitation fee; (d) private tuition by teachers and (e) running of schools without recognition,

It provides for development of curriculum in consonance with the values enshrined in the Constitution, and which would ensure the all-round development of the child, building on the child's knowledge, potentiality and talent and making the child free of fear, trauma and anxiety through a system of child friendly and child centered learning.

Joyfull teaching scenario in Palamu - GSMVM Campaign to implement RTE in Jharkhand

*Elementary education is now a fundamental right to every child*

## EDP TRAINING UNDER PMEGP SCHEME

GSKVM in one of the EDP empanel training Centre from KVIC, GOI. This year itself we have conducted total 14 Batches EDP Training. Out of 14 batches 6 were of previous year 2013-14 period from April 2014 to September 2014. In which 127 trainees were provided managerial training. and profit making, rapport building and unfreezing, thematic appreciation test, scoring manual, material management, break even analysis, systematic approach, legal formalities, marketing strategy and sale techniques, accounts and books, crises management, customer relation, risk taking behavior, risk taking behavior, sustainability, value add tax, income tax, sale tax, management of working capital etc. Next year 2015-16 online application will be invited. Interested people can be benefited through this link : [www.pmegp.in](http://www.pmegp.in) or [www.kvic.gov.in](http://www.kvic.gov.in). Aadhar card is compulsory to fill their online form.

## AWARENESS ON BONDED LABOUR

Since GSKVM started bonded labour awareness programme - Majboor Kisko Bola, a huge number of more than 500 missed calls came on the next day of our launch and this response was overwhelming for BBC Media Action. GSKVM management appreciates the efforts for the same and hopes that we continue to work like this in the future also. We have made feedback mechanism for the program; it creates a redressed system to solve problems, that people are facing in the field and also encourages them to seek more information through us. The Bonded Labour Awareness Project aims to reduce the risk of bondage amongst the vulnerable population by providing essential information through popular radio programming and community

DC Aradhya Patnayak, SP Michel S. Raj, BBCMA PO Aashish Yadav & Partners GSKVM/LEADS on 'Majboor Kisko Bola' event

outreach activities. In the project, one episode of a radio program is played in all villages every week through two radio sets provided in each village. All radio sets play episodes on pen drives. There are two project facilitators in each village who ensure that by the end of the week everyone in the village has listened to the program. Similarly, each week one new episode is played and the entire village listens to it in small groups, every day throughout the week. In the radio program, information is provided on bonded labour problems, bonded labour abolition act, safe migration, trafficking, how to prevent getting into bondage, methods of rescue, collective bargaining of rights, minimum wages, important government schemes and helpful government agencies and role of NGOs and the media. The radio program communicates the information in form of drama, narratives, real life testimonials from people, comedy elements, folk music etc. So the program not only informs but also entertains. After each episode, the facilitators moderate discussions among the listeners and encourage a feeling of togetherness so that the community initiates to bargain for their rights together. The project also engages government officials, state police officials,

*Customers, strategy, innovation, idea, analysis, opportunities, market, planning, team equal success*

senior media persons, academicians, and other relevant stakeholders. The project has also engaged district level journalists and has conducted trainings for interested journalists. Bonded labour has been abolished by the

efforts of GSKVM in the region. Now secretary is one of the members of district level vigilance committee of Bonded Labour Abolition Act 1976.

## WATER & SANITATION PROGRAMME

One billion people lack safe drinking water. Every day they risk their lives and health by drinking from contaminated sources: they are missing out on a basic human right. The bio-sand filter can make a difference by providing safe drinking water, right where it's needed most: at household level, because it effectively purifies contaminated water. GSKVM is dedicated to providing safe drinking water, we recognize that the translation of clean water is enhanced when accompanied by adequate sanitation and especially good hygiene practices. GSKVM is Dedicated to spreading knowledge of this

unique technology, we believe this filter can make a difference, save lives, where other technology fails or is too costly. We have experience in this sector since 2001. Biosand filters in GSKVM Field contribute to a 60% overall reduction in diarrheal disease. Over 47% reduction in diarrhea risk: new health impact studies on the BSF. The effect of pause time on water quality. For completing the work on smart basis, we have a NGO's network 'Asian Minority Action Network-AMAN' consisting 150 grassroots NGO in Jharkhand. 48 NGOs have been working with FANSA on sanitation issues, GSKVM is one of the Member of FANSA.

Tribal Mass infomed about Bio Sand Water Filter

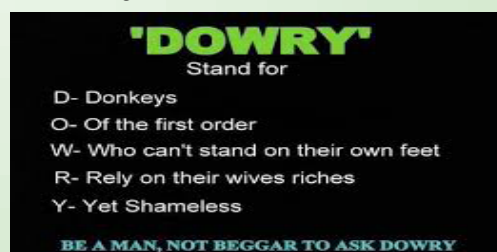

According to Census 2011 data, only 31% of the 167 million rural households in India have access to tap water and domestic toilets. About 67% of the rural population continues to defecate in the open and India accounts for about 50% of the world's open defecation.

## ADVOCACY AGAINST DOWRY

Dowry system in India is an age old traditional system of payment in cash or some kind of gifts given to a bridegroom's family along with the bride. Generally, they include cash, jewellery, electrical appliances, furniture, bedding, crockery, utensils and other household items that help the newlywed set up her home. As per Indian constitution, Dowry becomes prohibited in 1961 with the purpose of prohibiting the demanding, giving and taking of dowry. Though providing dowry is prohibited and illegal, it is still common in many parts of India for a husband to seek a dowry from the wife's family, in some cases this leads to extortion or violence against the wife. There are several clauses has been mentioned in the constitution, to stop offences of cruelty by the husband or his relatives against the wife, section 498A was added to the Indian Penal Code and section 198A to the Criminal Procedure Code in 1983. The section 498A has been criticized by many people in India as being prone to misuse. The issue here is that, in spite of existing law against dowry, till today there are rampant dowry practices exists in Indian society, which creates

huge imbalances among the couples, among the family members and the families. There are number of physical abuse of the wife/women due to dowry, emotional abuse and even dowry related deaths of murder. This has a big adverse impact in the Indian society somehow almost in each family. This needs to be stop. Our understand is that, only law will unable to solve the problem of dowry, unless there is massive awareness among the people about its adverse effect. That needs massive advocacy against dowry through the state and the country as well. GSKVM conducted college awareness on 10 March 2015 to bring awareness in Palamu. We have plan for an advocacy campaign throughout the Jharkhand state with networking.

*Dowry is cancer to the society. GUYS don't ask dowry. Girls say no to dowry*

## RECOGNISATION, NETWORKING & EMPANELMENT

We have a very good working experience with local Government right from Zilla Parishad, Panchayat Samity (Block level) and at the Gram Panchayat level.

We have very good linkage with Govt. Sponsored Schools for our collaboration with School Health Program and grassroots linkage with the people of the district Palamu, Jharkhand due to the down-to-earth character of the organization right from the beginning. We believe that, 'unless the people for whom the development is being thought off are involved in the process of development'. So, we have plan and implement all the activities in consultation with the community people. As far as networking is concerned, our organization has network member of different networks stated below.

- ☞ Member of National TB Control Programme (RNTCP) Jharkhand 67 dt.27.08.2008 and Ref:124 dated 16.08.2013
- ☞ Member of District Health Society, Palamu Ref-1861 dated 29.09.2012
- ☞ Member of District Task Force Polio Immunization, DHS, Palamu Ref: 30 (DPMU) dated 10.12.2013
- ☞ Advisory Board Member, PC&PNDDT Act 2004, Ref. 1220 dt. 05.07.2012 & IEC Cell, PNDDT Ref.56 dated

06.12.2013

- ☞ Complain Committee Member, Judgeship of Women Sexual Harassment by Memo No. 806-12 dated 5 April 2013 by District & Session Judge, Palamu by order No. 8/2013
- ☞ Member of Monitoring Committee, Cigarettes and other Tobacco Products Act (COPTA Act) 2003; NCD Cell Ref:16/NTCP/2012 dated 20.12.2012
- ☞ Associated and Awarded with Help yourngo.com Mumbai and PARTHAM, Mumbai
- ☞ Empanelled with SAMETI (State Agriculture Management & Extension Training Institute), Govt. of Jharkhand
- ☞ Empanelled with Directorate of Panchayati Raj, Govt. of Jharkhand to impart training to elected PRIs members
- ☞ Empanelled with Khadi & Village Industry Commission (KVIC), Govt. of India to impart EDP training under PMEGP Scheme for Palamu Commissioner, Jharkhand. It can be found at <http://www.kvic.org.in>
- ☞ Partnership for TB Care and Control (PTCC), New Delhi. It can be found at [www.tbpartnershipindia.org](http://www.tbpartnershipindia.org)
- ☞ Member of Stop TB Partnership (Reference No.70399). It may be found in <http://www.stoptb.org/partners>
- ☞ Member of FANSA (Fresh Water Network South Asia). Membership No: FANSA-JH/2013/027

## STEP TOWARDS MEMORABLE MILESTONES SINCE OUR INCEPTION TILL DATE

### Brief Activities 1990-2000

- GSKVM is social development NGO which was established & registered in the year 1993 (under Societies Registration Act 1860). It was established with the sole aim for overall development of scheduled castes, scheduled tribes, backward castes, minority groups, vulnerable adolescents, youths, farmers, women and children and most struggling and deprived section of the community and society. The organization is working at Palamu, Garhwa, Latehar & Deoghar Districts of Jharkhand.

The major activities of the organization are as follows:

- Engaged in Formation of SHGs for strengthening the weaker section of the community. Have formed more than 500 SHGs in rural villages of Palamu District of Jharkhand. Around 1500 SHG members are there for which organization is working for better socio-economic

development with improved Education, Health and Sustainable Livelihood.

- The organization gets support from Central Social Welfare Board, New Delhi. Condense course program was successfully implemented with the support of central government by which around 25 adult women received quality education along with vocational training for their sustainable livelihood. Better impact is seen today.
- The organization started extending its services toward Health issues of the community. It has organized massive Eye Camp with the support of Help Age India. Free eye checkup, cataract operation and free distribution of spectacles were done which have benefited 500 villagers of Palamu District, Jharkhand.

### BRIEF ACTIVITIES 2000-2010

**Integrated Development :** The organization got opportunities to work with the support of CAPART. An Integrated Development through Public Cooperation project was successfully implemented for the people of KajruKalan village in Palamu District, Jharkhand. Around 500 villagers were directly benefited by this project.

**Empowerment of Disabled People :** The organization engaged in implementing Project Titled – Socio- economic Development and social Empowerment of Disabled People with the support of CAPART and CBR Forum. 2000 disabled person were benefited by this program. Social acceptance, community and government support to the disabled, Formation of District level Disabled Sangh are the major achievement of this project.

**PACS Program** was implemented in Chainpur Block of Palamu District through network with NBJK, Ranchi. More than 100 SHGs have been formed and linked up with banks. Apart from this the activities like- land entitlement, witchcraft, youth sensitization, Youth and adult education, livelihood promotion etc. have been benefited to 35000 family members in the project concern block.

**Community Mental health program :** Since year 2003 Community Mental health program is continuously being implemented smoothly with the support of Basic Need, UK. Major activities under this project are – Identity, Recognition of Mental patient, rehabilitation, Advocacy works and skill development for livelihood promotion, etc. More than 5000 mental patient of Palamu, Latehar, Ranchi & Gumla District are being benefited by this program. 2500 mentally ill people are getting free treatment

from RINPAS Mental hospital at Ranchi. Improvements in the mental ill patient are seen today. With the tireless efforts of GSKVM, 2 Psychiatric Centers have been established one each at Gumla and Palamu District which is major part of our achievement.

**PMRY training :** Since year 2004 the organization got recognition as Training institution for PMRY training by DIC, Palamu. Till last year it has successfully given training to 3000 unemployed youth for initiating their small business enterprises. It is one of biggest achievement of the organization in the field training and expertise. But in the year 2008 our organization has been recognized as Training institution for implementing of PMEGP Scheme by KVVC, Mumbai.

**Mainstreaming ST/SCs:** The organization is extending immense support to the women community and youths of Chinia Block of Garhwa District, Jharkhand (India). More than 30000 rural community people are being benefited by the project titled “Mainstreaming ST/SCs and Disadvantages community” with the support of MANOS UNIDAS, Spain. The duration of the project was of 2 year and it has ended successfully in October’ 2009 of this financial year.

GSKVM Board Member in year 2000 in front of office

*When women participate in economy, everyone benefits*

## PROGRAMME ON RBD ACT 1969 AND PNDDT ACT 1994:

GSKVM has closely worked with District statistical Department for promotion of Birth registration in the district on REGISTRATION OF BIRTHS AND DEATHS ACT, 1969 and PNDDT Act 1994. GSKVM have promoted

camps, ACSM and IEC in Statistical reporting. GSKVM has been supporting the development of a functional registration system that ensures all children are

registered immediately after birth. Through ACSM event, GSKVM motivated the people about laws and regulations, competent human resources, standardized procedures and infrastructure that ensure the system, permanent, continuous, compulsory and universal accessible. GSKVM is also advocating viewing birth registration as a fundamental right for all children. It also needs to be seen as important for gathering vital statistics that statistics are essential for good planning. Beside this GSKVM has also performed economic survey in Palamu.

## SANITATION CAMPAIGN

We have also worked with Prakalp Palamu and GARHWA WITH Total Sanitation Campaign(TSC). TSC given strong emphasis on Information, Education and Communication (IEC), Capacity Building and Hygiene Education for effective behaviour change with involvement of PRIs, CBOs,

and NGOs etc. The key intervention areas are Individual household latrines, School Sanitation and Hygiene Education (SSHE), Community Sanitary Complex, Anganwadi toilets. The main goal of the GOI is to eradicate the practice of open defecation.

## BRIEF ACTIVITIES 2010-2015

- ☞ Sustainable Livelihood through upland paddy for farmer supported by DFID-Bangor University, UK through Gene Campaign, Ranchi
- ☞ Foundation Day Celebration
- ☞ School Health Project supported by Manos Unidas, Spain
- ☞ Community Mental Health Project supported by Basic Needs, UK through NBJK, Hazaribagh
- ☞ Targeted Intervention Project for FSW supported by NACO/JSACS, Ranchi

## AWARENESS GENERATION PROGRAMME FOR ENSURING PREVENTION OF CIVIL RIGHT ACT 1955 & PREVENTION OF ATROCITIES ACT 1989

The organization as per guidelines of the welfare department of Jharkhand has adopted following strategies for the massive awareness campaign for ensuring Prevention of Civil Right Act 1955 & Prevention of Atrocities Act 1989 in the Latehar District, Jharkhand.

Organizing Workshop at Block Level: 7 Such Block Level

Workshop (One Day Workshop at each Block) was organized for Massive awareness campaign for ensuring Prevention of Civil Right Act 1955 & Prevention of Atrocities Act 1989 in the Latehar District, Jharkhand. Organizing Awareness Campaign at panchayat Level: 10 Such awareness campaign at each Block of Latehar District was con-

*Ego is just like a dust in the eye. Without clearing the dust you can't see anything clearly. So clear the ego and see the world*

ducted for covering maximum of the population especially women and SHG members along with local community people. Organizing Cultural Programme like Nukkad Show / Lok Geet for awareness building of the community: 8 panchayats Per Block were covered under this activity head to build up massive awareness among the local community as well as the women Wall Writing for Message Dissemination: Main spot of the Block like School, PHC Centers, Health Sub Centers, Community hall, Block Office, Panchayat Bhawan, Places of local hats, etc. were taken as main spots where Various Slogans, Messages in local languages were wall writing were written to disseminate

message to the maximum of the local community people for awareness building on this issues. Poster and Pamphlets development: 5000 Poster and Pamphlets distribution and Sticking were done in all the major juncture and crowded places of the entire Latehar Districts. Establishment of Hoarding at Block Level: 7 Big Hording were Furnished near Block Office (1 Hoarding at each Block) containing details material on the issues Prevention of Civil Right Act 1955 & Prevention of Atrocities Act 1989, to build about massive awareness among the entire section of the people of the District

## AWARENESS GENERATION PROGRAMME SUPPORTED BY JSSWB

The AGP programme by Gramin Samaj Kalyan Vikas Manch conducted From 10-08-2012 to 18-08-2012(8 days) for the women to improve their self confidence & empowerment. We also follow up the programme dated 2 From 15-11-2012 to 16-11-2012(2 days) The scheme of Awareness Generation Programme aims at generating awareness amongst women and community at large on rights, status and problems of women in particular and other social concerns. The programme enables women to organize themselves and strengthen their participation in socio-economic and political—processes. Under the scheme, 8 camps with 2 days follow up are conducted to provide a platform to women where they come together, exchange their experiences and ideas and in the process they develop an understanding of reality and are encouraged to tackle their problems themselves to fulfill their needs. GSKVM organized a totally 10 days Awareness Generation Program (AGP) for the rural women with the support of Central Social Welfare Board, New Delhi. The program was organized at Bhushi-Kauria Village of Daltonganj Block, Palamu District, Jharkhand. 25 women have participated in this program. These participants were

of different SHGs of BPL category. Majority

of the beneficiaries were of ST community. Focus were given on women empowerment, importance of SHG, Income Generation, Health & Hygiene, Importance of education, HIV/AIDS awareness, Self employment and information on different govt. prog. & Schemes. Different resource person were invited to share their inputs. The impact of the program was good as participants gain lots of inputs which they assured to avail its benefits in future.

## RICE FALLOW:

GSKVM has taken major project on agriculture cultivation with the support of National Rainfed Area Authority(NRAA), GOI, New Delhi through, Directorate of Soil Conservation, GOJ, Ranchi to ensure sustainable livelihood for small and marginal famers. The goal of the project is to - Increase food security and improve livelihoods of poor farmers by promoting the new varieties bred by client -oriented breeding. The Programme has been Implemented in Chiyanki, Sua & Kauria Villages of Palamu District, Jharkhand within the project area. This is an intensive livelihood generating program in terms of providing intakes to more than 2000 small and marginal farmers

till next year. The project has been based on major finding that the local varieties of rice utilized by the farmers seem to be in declining condition due to adaptation of practicing cultivation of hybrid variety. This shows reducing trends of soil fertility, demands of high irrigation as well as usage of costly chemical fertilizers. Realizing this trend in the agriculture sector, this project has been launched as pilot project last year to promote massive intake among the small and marginal farmers through easily cultivating genetic rice in the upland areas without any external source of irrigation. 2000 small and marginal farmers have adopted these gene techniques as best means of sustainable

*When women participate in economy, everyone benefits*

livelihood. Under the convergence component we have organized vegetable seed distribution programme in the project village of Daltonganj where following seed (105 kg) were distributed among 757 farmers in the project village with liasioning with National Horticulture Mission,

Jharkhand during 2011-12, as a cost Rs. 94155.00: Gene Campaign 2012-13, as a cost Rs. 250000.00. Under convergence mechanism with Mahatma Gandhi National Rural Employment Generation Act (MGNREGA).

### SCHOOL HEALTH PROJECT :

GSKVM has taken support of experienced personnel for the smooth and effective implementation of the project. Out of the total project staff of 13 staff approximately 50 % are female. GSKVM also utilizes the effective role of local community leaders in form of volunteers and provided them capacity building support that is essential for the sustainability of the project in future. 240 health checkup camps have been organized. Approximately 1800 children and their mothers were benefited. Enhanced knowledge on different child diseases like TB, Diphtheria, Polio, Tetanus, Hooking Cough and Measles. Better coordination among the different stakeholders like PRI members, Guardians, school teachers, gram sabha members and representatives

of the Govt. health functionaries has been developed. Enhanced knowledge of the teachers on different needs of the children. Improved awareness on health, nutrition, hygiene and sanitation that is important for overall physical development of children. Promotion of a better sense of healthy school environment has developed. Promoted a better environment in the area towards good health of school children. Different commitments has been made by different stakeholders like Parents of the children, PRI members, school teachers and govt. functionaries for promotion of overall development of school children. Improved personality of the children. Cleanness and hygiene education in schools has now better promoted.

### CHILD CARE PROGRAMME.

Even today, pneumonia, meningitis, malaria, dengue and diarrhoea and other vaccine preventable diseases are the prime reasons child deaths. GSKVM tackles barriers such as lack of awareness on immunisation, long distances to health centers and inadequate delivery of health services to ensure children complete their immunisation. Join us in giving children a healthy life. The aim for Working to keep children safe. Each day, KinderCare provides a balanced approach to learning, giving you the peace of mind that your child will have fun as they develop socially,

emotionally, physically, and intellectually. We give your child the tools to become confident and self-aware. In a caring and stimulating atmosphere, our passionate and engaging teachers give your child endless opportunities to grow, learn, and imagine— whether building a spaceship to blast off to Mars or inviting a new friend to share a story during group time. In different government school, our team motivate the children in Chainpur, Daltonganj of Palamu District.

### NEW LOGO OF GSKVM

Secretary Md.Hashmat Rabbani informed the management committee members regarding new non religious logo of GSKVM meeting held on 20.12.2014.

After discussion, matter put about the decision taken by Advisory Board Meeting held on 25 January 2014. Where it has been suggested that logo should be rectified and non religious logo would be developed. Now new non religious logo has been developed. All the members like new non religious logo of GSKVM and accepted it.

## TB REACH PROJECT: A PRAISEWORTHY WORK OF GSKVM

The vision of the Government of India is “TB free India”. In order to achieve this vision, the tuberculosis treatment and control programme has now adopted the new objective of universal access to quality diagnosis and treatment for all TB patients in the community. In recent years, the massive spread of tuberculosis in Jharkhand has really become a serious cause of concern for everyone. TB is quite a common disease in the backward state of Jharkhand and has become now a threat to its social wellbeing.

Among multifarious activities in the field of social interventions, GraminSamajKalyanVikasManch (GSKVM) gives a special thrust on the prevention and control of TB. Although RNTCP is active here with its limited government infrastructure and approved methodology, yet a considerable number of TB patients are left-out in the communities, causing a rapid spread of this infectious disease. In order to address to this situation, WHO (World Health Organization) has approved a project to GSKVM to identify and link up more number of suspected TB patients directly with the RNTCP for treatment. The title of the project is ‘A Step Towards Universal Access to T.B. Services in Tribal Areas’. In fact GSKVM is the only NGO in India which has got the approval of this TB Reach Project under funding cycle of Wave-3. The project area is in Palamu district covering five blocks viz. a) Daltonganj, b) Bishrampur, c) Chainpur, d) Nawa Bazar, and e) Pandu. The project started in April 2013 and after successfully completing its 1st year it is being continued for the 2nd year with a fresh support from UNOPS.

With its vulnerability in prevention and control of TB in the backward tribal district of Palamu, GSKVM has been entrusted with this massive responsibility to implement the TB Reach project. The objectives have been additional case findings and creating awareness among various sections of the society regarding the situation and the nature of its spread of TB and also to motivate the masses of Palamu to fight against tuberculosis. GSKVM has applied a ‘Community Based Case Finding’ strategy for the implementation of the project. This strategy has contributed a lot to achieve the objectives. It has been found that the strategy has been helpful enough to intensify RNTCP’s work by covering RNTCP’s limitations. So far as the outcome of the project is concerned, GSKVM has made a considerable achievement in the concerned areas. During the last two years with the support of GSKVM-TB Reach project; RNTCP has been able to increase the numbers of screening of suspected TB cases as well as the treatment of confirmed TB patients under

DOTs. Starting the case-finding activity since 1st June 2013 GSKVM has been able to increase nearly 33% of case findings. In the field of programme management RNTCP is today convinced that involvement of NGOs is helpful in TB Control.

RNTCP is also convinced about the effective advocacy work of GSKVM that a TU covering a small geographical area with limited number of population is more effective in the implementation of programme for prevention and control of TB. As an outcome of that advocacy, RNTCP has increased another 3 TUs in Palamu district. Previously there were 3 TUs in Palamu, while presently there are 6 TUs in this district. The most important impact of TB Reach project has been seen in raising awareness regarding TB in the project areas. It is normal scenario in Jharkhand that more than 50% TB Patients seek treatment from private doctors. GSKVM has taken various initiatives to open a door for a private public mix which has given a new dimension of TB control in Palamu. In the community based treatment of TB all the stakeholders have become more responsible for treatment adherences. Consequently the rate of treatment success has increased.

The target population of GSKVM under this project is those indigenous people, who are backward in almost all aspects of life. Hence GSKVM gives special stress on educating local people so that they can form a clear conception about TB, its early detection and proper treatment towards its control and eradication. Previously, TB was considered an incurable disease, which also had a social stigma associated with it. Now after implementation of TB Reach project in the last two years, people today consider it as a common disease and don’t hesitate to come forward for its early detection and treatment. Many tribal people living in remote areas prefer to go to the qualified doctors and government hospitals rather than going to the faith-healers or to the unqualified quack doctors, where they used to go previously.

During the last two years, GSKVM has crossed an important milestone by linking up a considerable numbers of left out TB patients with RNTCP. Having said that, a lot more has to be done to ensure that no TB patient is left unidentified in the communities. It is expected that successful completion of TB Reach project by GSKVM will immensely contribute to the ultimate goal towards ‘TB Free World’.

GSKVM is really doing a praiseworthy work with TB Reach Project. I fervently wish them all the success in this endeavour.

Save girl child-think a world without us

## मंजू की कामयाबी

यह है एस. पी. मंजू महाजन, जिसे लोग मंजू महान कहने लगे हैं। गुमनामी के अंधेरे में खोया गाँव, मंजू की वजह से चर्चे में आ गया।

1

She is SP Manju Mahajan. When people use to call Manju, The great her village become popular only due to Maju's position. Which was quite unknown in the past.

## Success of Manju

मंजू ने पूरे गाँव का नाम रौशन किया है, इसलिए गाँव वाले उसे आशीर्वाद दे रहे हैं।

2

Manju highlighted the fame of the village therefore villagers giving her their blessings

मंजू की माँ व पिताजी को गाँव वाले बधाई दे रहे हैं। Villagers Congratulating Manju's Fathers & Mothers

बधाई हो बहना...  
बधाई हो भाई साहब....

3

Congratulation sister... congratulation brother...

मंजू की माँ व पिताजी बहुत खुश हैं।

मंजू के दादा-दादी भी खुश हैं।

4

Manju father & mother are happy Manju grandfather & grandmother are also happy.

माँ चाहिए, पत्नि चाहिए, बहन चाहिए, प्रेमिका चाहिए, बहु चाहिए, फिर बेटी क्यों नहीं

Villager are also happy. -Manju is an inspiration for the girl of our village and lesson for all of us.

Oh yes, But nobody think, what happiness on the absence of Manju. Everyone feeling proud of her these are all due to her Mother Vimla.

26-27 years before. When Vimla was pregnant then that time her father & Mother along with her husband took her to private clinic in near city for ultrasound and illegal checkup

Doctor reported Girl child is there in her...

Father/Mother in law were depressed of for looking the report. To give proper care to a girl child is just like farming on private land, therefore abort this girl child.

Husband two put pressure, but Vimla refused. - If a women not able to give birth to a child then society called her "Baanjh" and passes job of humiliating coments and if she gave birth to a girl child then says-"Kill her".

Vimala refused to listen her husband decision. No...No... I will never kill this unknown-helpless girl child. I will take care of her throughout my life.

Ultimately a girl baby took birth, every one on the family cursed her. The Family and villagers take it as evil deed. But Vimla remains careless about all there. She herself gave the name of her baby. I will call you Manju, my sweet baby, my Manju.....

*My daughter is my great inspiration*

When Manju grown up little bit then Vimla started sending her to school of her village united of let of reaction from the family.

Time passes proper attention was given on Manju study the attitude of her father slowly changed because Manju was quit smart in her studies and having nice behavior.

When Manju grown up little bit then Vimla started sending her to school of her village united of let of reaction from the family.

Afterward slowly-slowly the attitude of her father/mother in laws changed because Vimla want able to gave birth to any more child

*The daughter prays - the mother listen*

Getting proper support from the family Manju successfully completed her studies of school & college she even do not faced any problem while perform PSC exams.

Family support & Manju labour both together proved success in Manju life. She was selected in PSC exam. Manju was very happy knowing her result.

But Vimla was much happier that her-thanks God you have kept my regard.

That day Manju's grand father & grand mother were too much ashamed of themselves because they wanted to kill Manju before her birth and since after her birth Manju faced a lot of problems being a girl child in her family.

*The greatest thing a father can do for his daughter is to love her mother*

Manju was only alive due to good sense and positive ought of her mother, Vimla. Is it not possible that every women of our country, States should be like Vimla?

Today 1000 member of female child are either aborted before her birth or killed after their birth IS IT NOT POSSIBLE THAT ANYONE OF THEM CAN BECOME LIKE MANJU?

## आखिरी माँग

Parents become worried from the date a girl child is born,

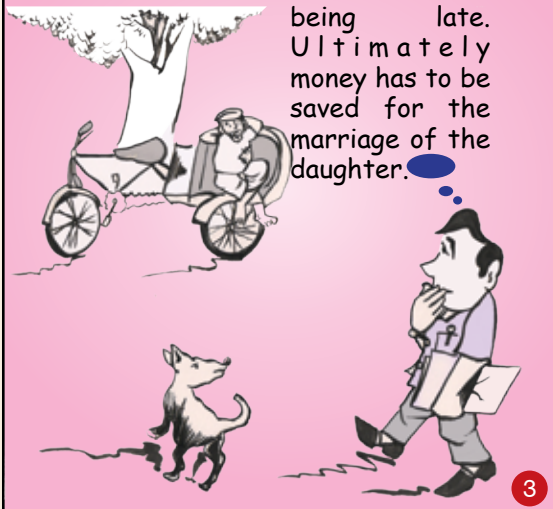

Dear, hear me. A girl child has been born to ourselves. Let us start small savings to make it big for the purpose of her marriage.

Ok,  
you are right.

लड़की के जन्म के साथ ही माता-पिता को उसकी शादी की चिंता सताने लगती है - एजी बेटी हो गयी है, अब हमलोगों को इसकी शादी के लिए पैसा जमा करना होगा। हां, तुम ठीक कहती हो।

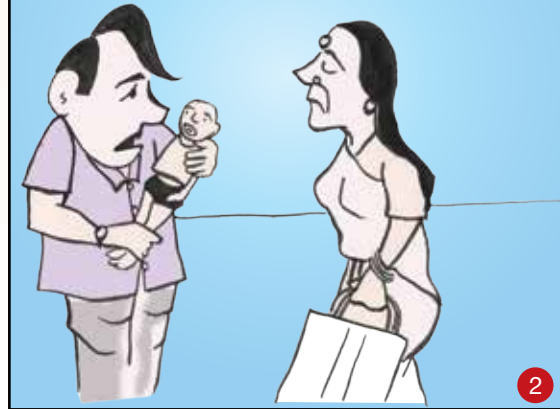

Rickshaw will not be hired even if arrival at office is being late. Ultimately money has to be saved for the marriage of the daughter.

दफ्तर के लिए देरी हो रही है, फिर भी रिक्शा से नहीं चलेंगे, पैसे बचाने हैं।

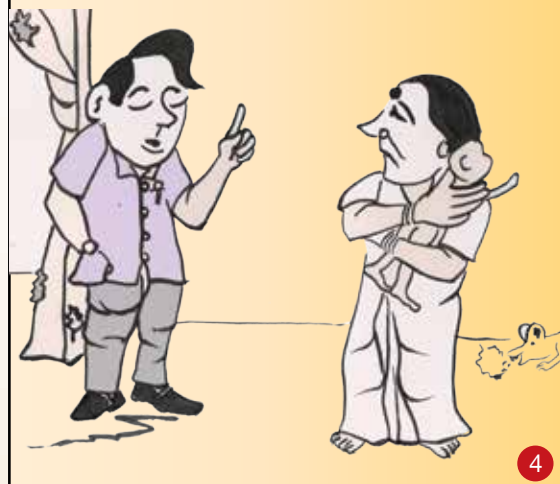

## Last Demand

Saving starts. We should avoid vegetables. We will eat bread with salt and onion only to save money.

दूसरे दिन से ही बचत आरम्भ - आज सब्जी नहीं खरीदने जायेंगे, प्याज और निमक के साथ रोटी खा लेंगे, क्योंकि बेटी की शादी के पैसे बचाने हैं।

We will avoid over expenses on the occasion of festivals to save the money.

पर्व-त्योहार है तो क्या हुआ ? नचे कपड़े नहीं पहनेंगे पैसे बचाने हैं।

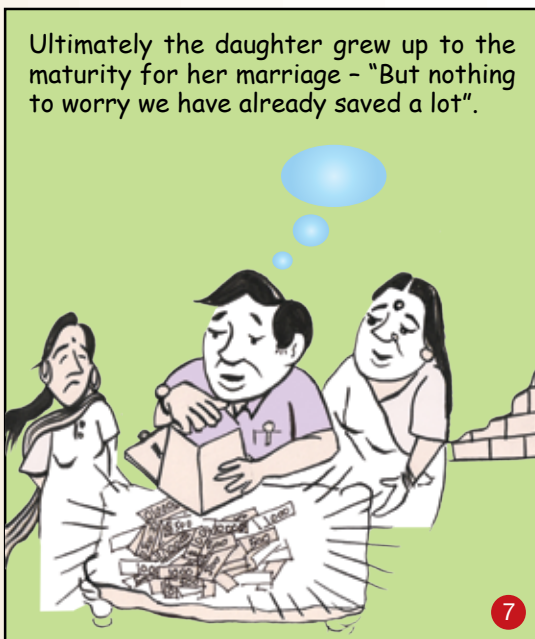

*Mother love is the fuel that enable a normal human being to do the impossible*

देखिए जी, हमारी बेटी बहुत जल्दी-  
जल्दी बढ़ रही है आप कुछ और  
सोचिए न।

दफ्तर में रिश्वत का चलन आरम्भ :-  
बिना रिश्वत लिए काम अब असम्भव  
है। घर में बेटी जवान हो रही है,  
उसकी शादी करनी है .....

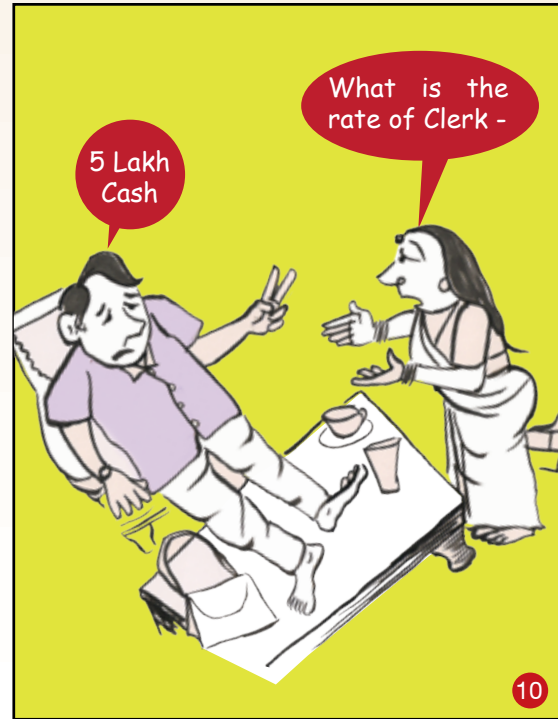

बेटी सचमुच जवान हो गयी..... शादी  
करने योग्य, भगवान के दया से और बेटी  
के भाग्य से पैसे बहुत जमा हो गये, अब  
हमारी बेटी की शादी हो जायेगी।

बेटी के लिए वर की तलाश जारी-जहाँ भी जाता  
बेहिसाब मांगें सुनने को मिलती - मेरा बेटा  
इंजीनियर है... १५ लाख नगद चाहिए  
मेरा बेटा प्रॉफेसर है, २० लाख चाहिए.....।  
मेरा बेटा डॉक्टर है, २५ लाख नगद चाहिए।  
मेरा बेटा आई०ए०एस० ऑफिसर है, ५० लाख नगद

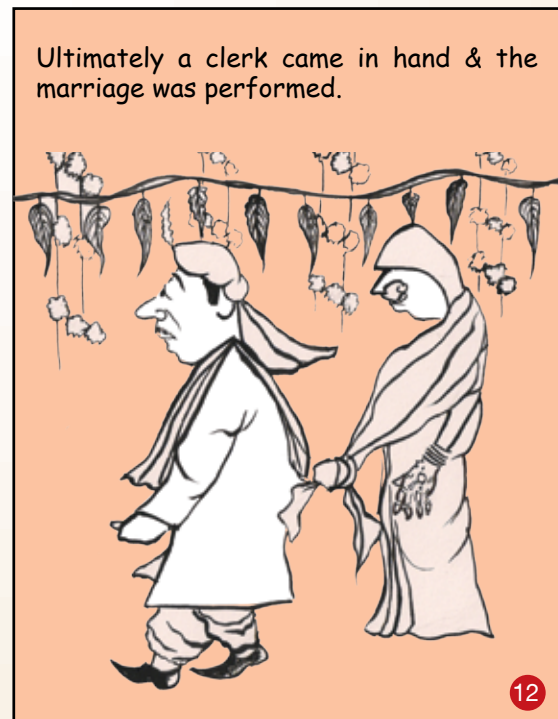

एक हारे हुए सिपाही की तरह घर लौटा पिता ...

क्लर्क का क्या रेट चल रहा है ? पांच लाख नगद

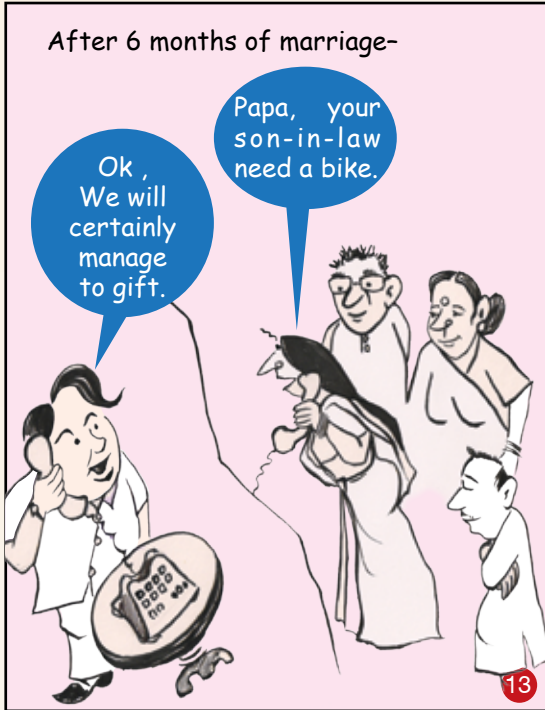

यही ठीक रहेगा, अच्छा तो मैं क्लर्क ही देखता हूँ।

बेटी के लिए क्लर्क मिल गया, शादी भी हो गयी।

In Islam dowry is for **WOMEN** not for **MAN**

शादी के छह माह बाद- पापा आपके दामाद को एक बाईक चाहिए। अच्छा बेटी हम जरूर देंगे।

साल भर बाद- पापा गर्मी शुरू हो गयी है, एक ए०सी० व फ्रीज दे देते तो अच्छा होता। ठीक है बेटी, मैं कोशिश करूंगा...

डेढ़ साल बाद- पापा एक वाशिंग मशीन भी देते तो अच्छा होता।

“उफ्फ! ये क्या हो रहा है..... पापा यह दे दीजिए पापा वह दे दीजिए, अब और क्या-क्या दूँ, कहां से लाऊँ ? उनकी मांगों ने तो मेरी कमर तोड़ दी है ..... बेटी के माध्यम से मांग करते हुए उन लोगों को शर्म नहीं आती ?”

No! They never feel ashamed and will never. Dowry seekers are like mouth of sursa. Never try to satisfy the greed of sursa. Otherwise, One day the daughter will come and say-

17

“नहीं, उन्हें शर्म कभी नहीं आती और न आयेगी। दहेज लोभियों के मुंह सुरसा के मुंह की तरह होते हैं। इसलिए मुंह सुरसा के समक्ष अपना कद सीमित रखिए, वरना हथ्र बुरा ही होगा। हो सकता है एक दिन आपकी बेटी आपके पास आकर बोले”-

Papa! My in-laws needs petrol to burn me . They say it is their

**LAST DEMAND.**

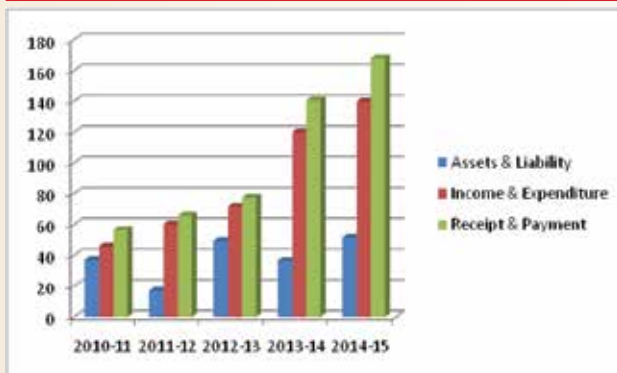

18

“पापा मेरे ससुराल वाले मुझे जलाने के लिए आपसे पेट्रोल चाहते हैं..... वे कहते हैं, यह उनकी आखिरी मांग है।”

# Programmes Launched by PM: Honourable Narendra Modi

## 1. Digital India

On August 21, 2014, the “Digital India” campaign was launched. The idea is to change India into an electronically empowered economy. According to this programme, the Government of India wants all Government departments and the people of India to connect with each other digitally or electronically, so that there is effective governance. It also aims at reducing paperwork by making all the Government services available to the people electronically. There is also a plan to connect all villages and rural areas through internet networks. There are three major components of Digital India: Digital infrastructure, digital literacy and digital delivery of services. The Government plans to complete this project in five years. That is, by 2019, the Digital India project is expected to be fully functional.

## 2. Pradhan Mantri Jan Dhan Yojana

On August 28, 2014, Prime Minister Narendra Modi launched the Pradhan Mantri Jan Dhan Yojana. This scheme was announced when he gave his first Independence Day speech on August 15, 2014. This is a prestigious financial inclusion programme. On the very first day of the launch of the programme, 15 million bank accounts were opened and each of the account holders was given Rs 1,00,000 insurance cover. By September 2014, 3.02 crore accounts were opened and around Rs 1,500 crore were deposited. According to the yojana, anyone can open new bank accounts with zero balance too.

## 3. Swachh Bharat Abhiyan

On 24 September 2014, Prime Minister approved the Swachh Bharat campaign, which was a modification of the Nirmal Bharat Programme, launched by the previous Government. The Swachh Bharat Abhiyan was launched formally on October 2, 2014, the birth anniversary of Mahatma Gandhi. The objective is to make India a clean India by 2019, the 150th birth anniversary of Mahatma Gandhi. The plan is to provide toilet and sanitation facilities in all rural and remote areas, to create public awareness of cleanliness, to clean roads, streets, encroachments and make India one of the cleanest countries of the world.

## 4. Make in India

This was basically a slogan, coined by Narendra Modi on September 25, 2014 to attract the global world to invest and manufacture in India. It then became an international marketing campaign. “Make in India” campaign was initiated so that India has ample job opportunities and the economy gets a boost. ‘Make in India’ seeks to make India a self-reliant country. It also aims to allow FDI in the country as well as bring back to health the loss-making Government firms. The Make in India campaign is completely under the Central Government, in which the Government has identified 25 major sectors which have the potential of becoming a global leader.

## 5. Saansad Adarsh Gram Yojana

On October 11, 2014, Prime Minister Narendra Modi launched the Saansad Adarsh Gram Yojana. According to this yojana, each MP will take the responsibility of developing three villages by 2019. The idea is to make India’s villages to be fully developed with physical and institutional infrastructure. There are certain guidelines for this scheme, which has been formulated by the Department of Rural Development. The Prime Minister released the guidelines on October 11, 2014 and requested all MPs to develop one model village by year 2016 in their constituency and two more by 2019.
