

MANAB KALYAN

A Socio-Economic Development Organisation

Established Year: 2007

Registered under the Societies Registration Act XXI, 1860

Head Office: Santi Pukhuri, Rajghat, Darrang

VISION

A healthy society where there is unity, equity, honesty, dignity, equal rights, social justice and peace.

MISSION

Our mission is to empower communities and vulnerable individuals through health education, livelihood and cultural activities

VALUES

Honesty, Determination, Faith, Belief, Truthfulness.

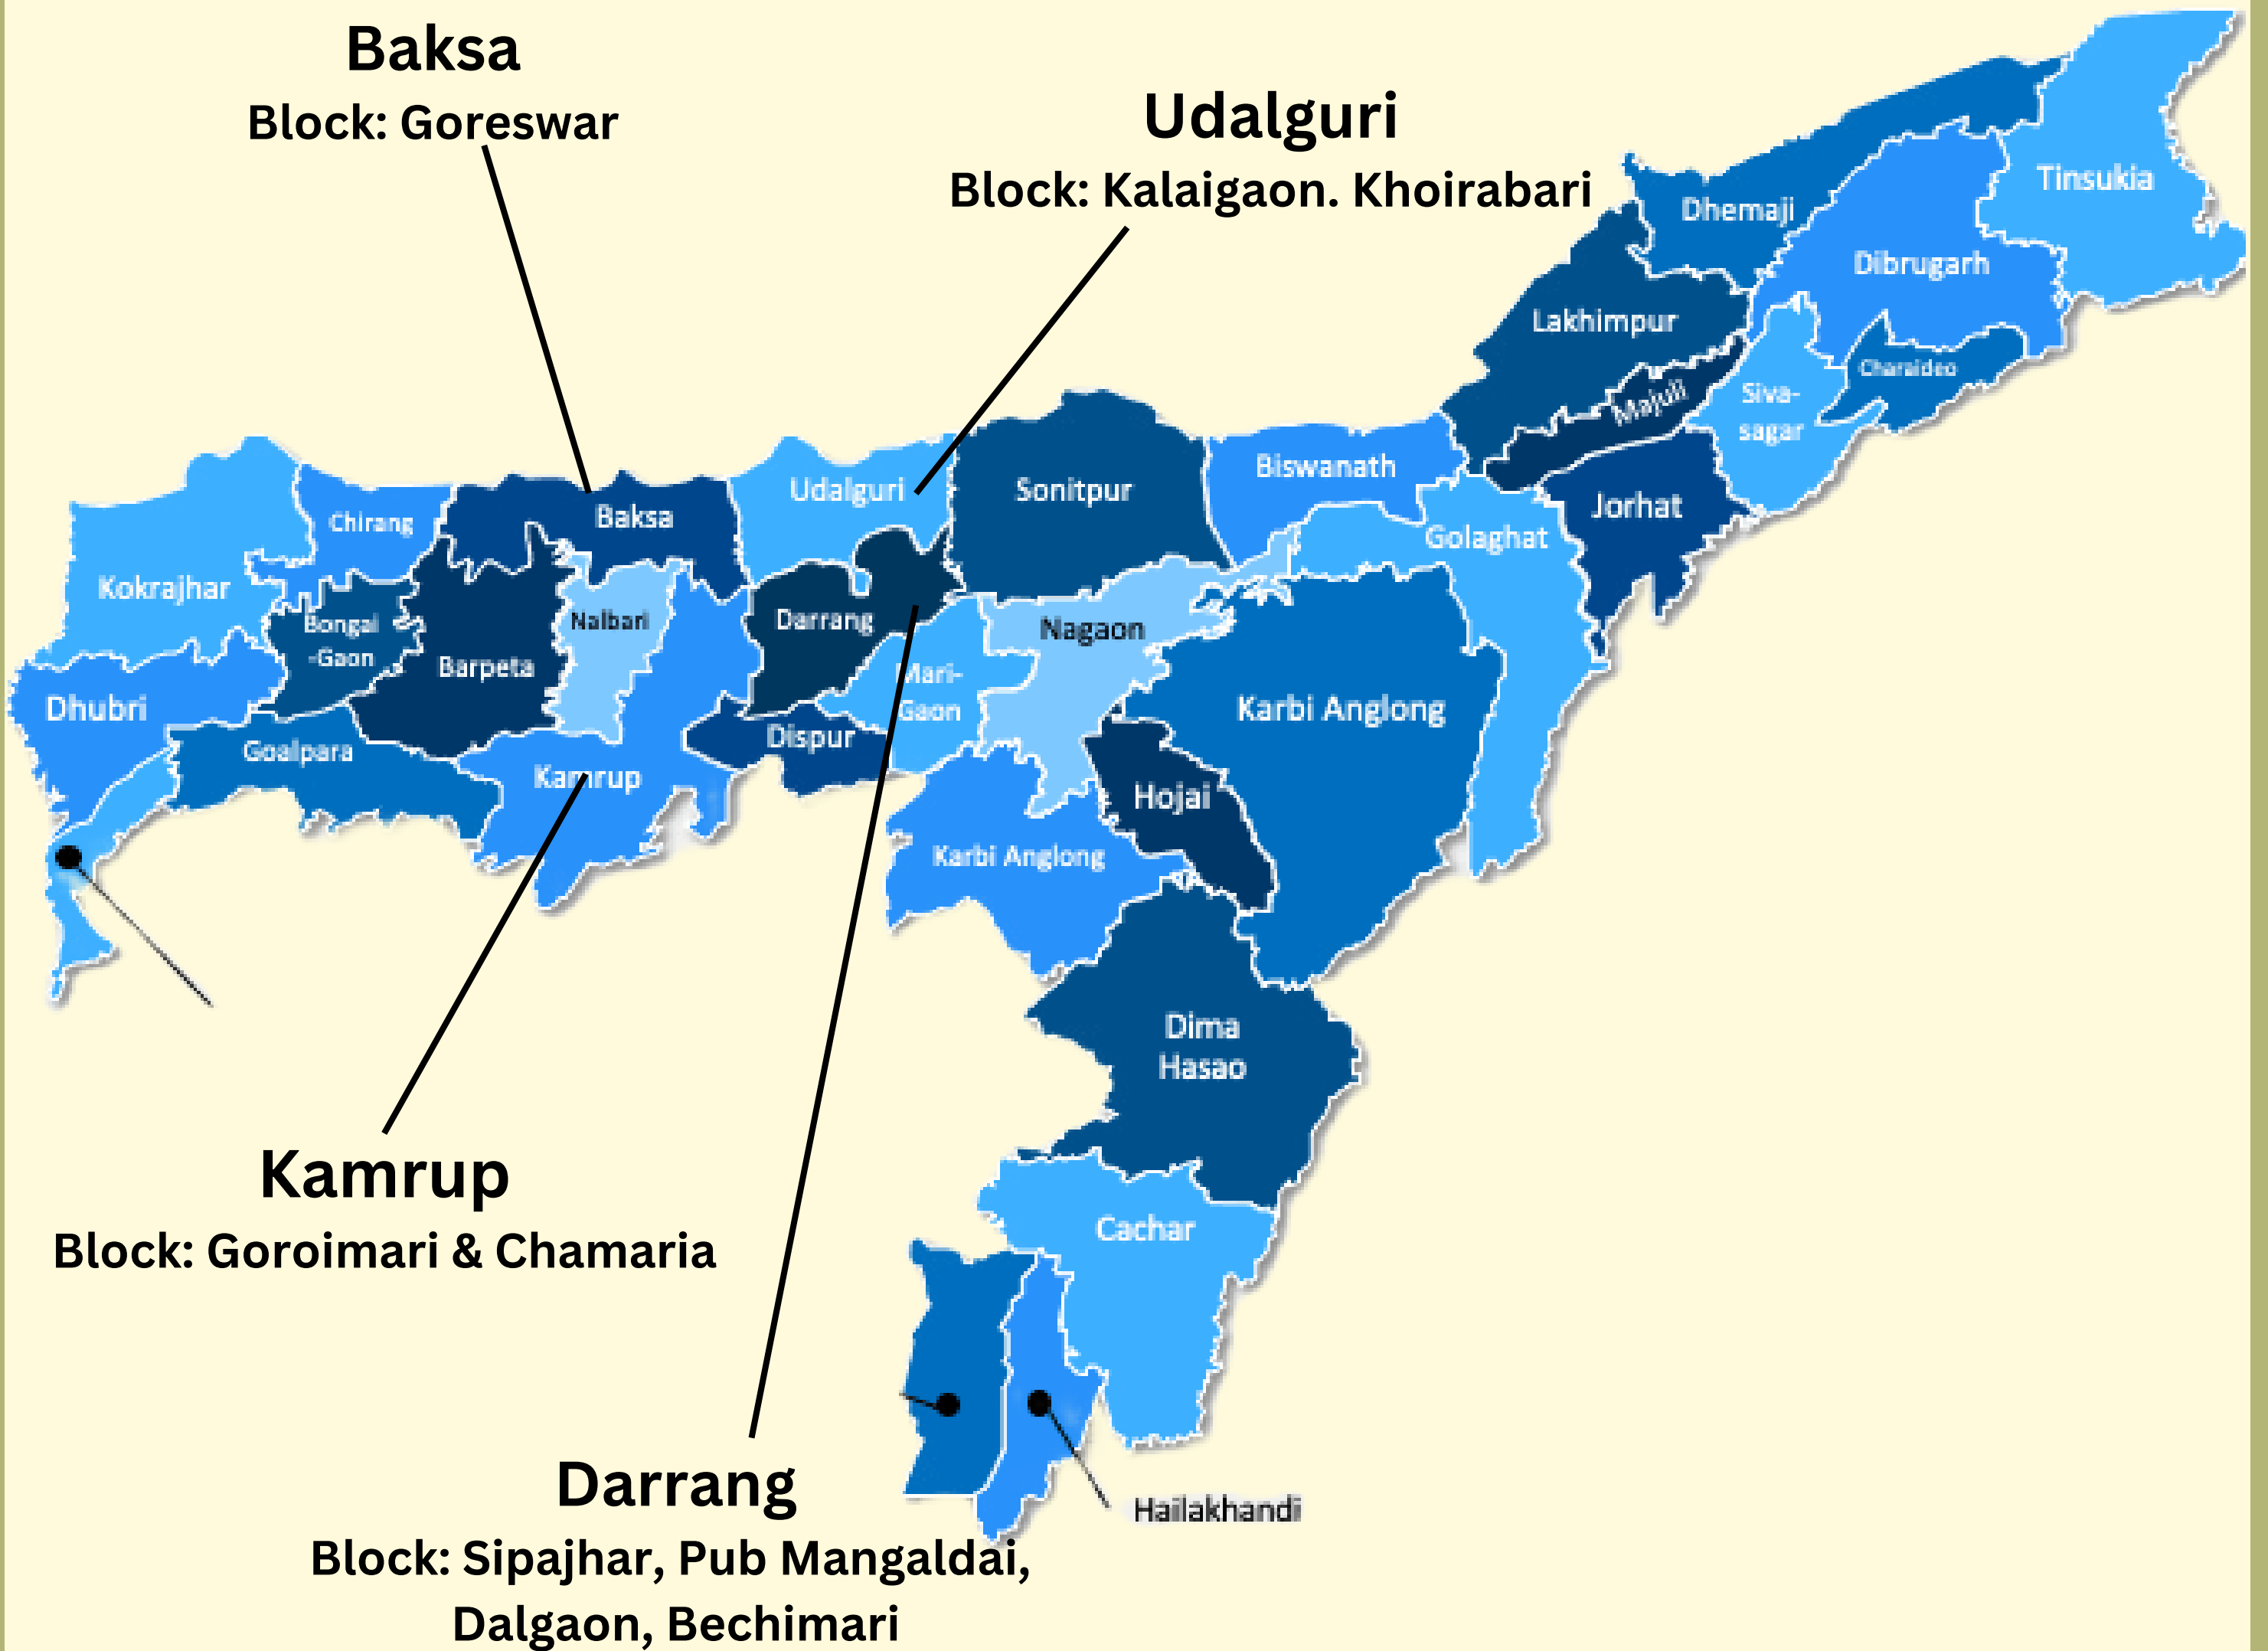

GENESIS

Founded in 2007, Manab Kalyan was initiated by a group of passionate young individuals dedicated to improving the lives of the poor and vulnerable in villages of west Darrang. This area can be said as the hot spot of cancer sufferers which has affected almost every household and the death toll is significantly high in the villages.

This was the triggering point for the genesis of this organization, So, the initial activities of Manab Kalyan began with a study about this deadly disease so that some precautionary measures can be taken up for the unfortunate villagers. Free health camps were organized by collaborating with B Baruah Cancer Institute, and awareness meetings were conducted on voluntary basis. However, later Manab Kalyan's area of work is expanded to livelihoods and child & maternal health.

GEOGRAPHICAL OUTREACH
