

TERMS AND OBJECTIVES OF THE TRUST/ACADEMY

The main purpose of formation of this trust is to promote Volleyball teams by selecting youngsters at village, Taluk, District, state, National and international level and coach them throughout the year.

1. To Promote rural girls and boys in Volleyball field.
2. To encourage and assure mass participation in sports and physical development and recreation.
3. To achieve excellence in sports by exponentially increasing the number of sports person /Volleyball players who perform consistently well and excel in competitive sports at the national and international level.
4. Using sports as entry point activists in community development programmes and using role models from sports for including desirable behavioral changes to attain excellence in sports at all levels.
5. To conduct Volleyball tournaments as well as badminton, table tennis, Kabaddi, Yoga tournaments etc. on its own or through state and national levels.
6. To confer titles in recognition of outstanding sports person from Karnataka (men & women) with cash prize and also remarkable achievements in Dakshina Kannada district.
7. To make arrangements for providing sports equipments and facilities to nearby clubs/individuals.
8. To establish sports information centre in our academy and conduct workshops information center in our academy and seminars and related to sports.
9. To formulate and implement schemes for the welfare of sports man/women
10. To groom budding talents to achieve excellence at international level.
11. To provide expert training to State/National level Volleyball/Beach Volleyball players and as well as advanced coaching for badminton, table tennis, Kabaddi, Yoga etc.
12. To establish international level multi sports complex which includes sports like Badminton, Karate, Kabaddi, Basketball, Kalari and Yoga etc.
13. To establish national and international level sports performance through Ayurveda. Incorporating Ayurveda into sports performance can offer a holistic approach to training and recovery. By integrating Ayurvedic principles such as personalized diets, Marma Chikitsa, and yoga, along with physiotherapy, nutrition, healthcare panchkarma, kalaripayatt etc can potentially enhance athletes physical and mental well-being. Collaboration between expert coaches, Ayurveda doctors, physiotherapists, and sports scientists could facilitate research-driven approaches tailored to individual athletes, promoting optimal performance and overall health.
