PAANGKRIANG TRUST

LIGHTING THE FUTURE

ANNUAL REPORT

2025 - 2026

Registration No. : **133/SR/TD/2016-2017**

From the Leader's Desk

The year under review has been a challenging period for communities across Manipur, where ongoing conflict and unrest have affected lives, livelihoods and access to essential opportunities. For Paangkriang Trust, these circumstances have reinforced the importance of remaining present, responsive and committed to the communities we serve.

> *"Education must prepare children not only for examinations, but for lives of dignity, confidence and purpose."*

Education continues to be at the heart of our work. Through Paangkriang Friendship Academy, we provide children from remote and underserved communities with access to quality education and opportunities for holistic development. This year, 23 students appeared for the High

Education continues to be at the heart of our work. Through Paangkriang Friendship Academy, we provide children from remote and underserved communities with access to quality education and opportunities for holistic development. This year, 23 students appeared for the High

We also took an important step towards strengthening opportunities beyond academics with the launch of the Paangkriang Football Academy in early 2026. Sixty students have been trained in football, creating a structured space for young people to develop sporting skills alongside discipline, teamwork and confidence. Our Music Academy and Friendship Band similarly demonstrate our belief that education must extend beyond textbooks and examinations.

Our partnerships have remained important to sustaining this work. Sunbird Trust has been a strong supporter of our school and our vision for education, while Goonj has supported community development initiatives. We are grateful for the trust and commitment of these partners during a difficult period for Manipur.

Looking ahead, our priority is to strengthen the sustainability of Paangkriang Friendship Academy and move steadily towards greater self-sustainability. We also aspire to expand livelihood opportunities for marginalised tribal communities, alongside health awareness and regular health check-ups.
We remain grateful to our supporters, partners, staff, volunteers, families and community members who continue to stand with us. Their participation gives us the confidence to build carefully for the future.

~
Amos Inka, General Secretary

About Us

Paangkriang Trust grew out of a commitment to serve communities that faced persistent gaps in access to education and basic development opportunities. Its work began with the establishment of Paangkriang Friendship Academy at Ijeirong in 2008 by three individuals who left corporate careers to work with the Inpui, Rongmei and Liangmei communities. As community needs expanded beyond education, Paangkriang Trust was formally registered in 2016 to pursue wider sustainability and inclusive community development initiatives.

The Trust's primary focus is on supporting marginalised rural communities through education, livelihoods and health-related initiatives. Its work includes operating a school, small-scale livelihood projects, fruit plantation initiatives, a community library and opportunities for children and youth to participate in music and sports.

Paangkriang Trust's approach is centred on creating opportunities that extend beyond immediate educational access. Through the Paangkriang Friendship Academy, Music Academy, Friendship Band and Football Academy, the organisation seeks to support academic, physical, social and personal development. Its longer-term aspiration is to strengthen community self-reliance while enabling children and young people to pursue education and meaningful futures.

Vision, Mission & Presence

Mission

To empower marginalised communities through education, livelihood development and health initiatives, fostering sustainable growth, dignity and improved quality of life.

Vision

A transformed and self-reliant community where every individual can access quality education, sustainable livelihoods and basic healthcare.

Presence

Paangkriang Trust works in Noney and Senapati districts of Manipur, including Ijeirong, Haochong, Pungmon, Waphong, Puichi, Aling, Bakuwa, Kabuikhullen and Nagaching.

Annual Program Highlights

Education at Paangkriang Friendship Academy

Children from remote and inaccessible villages in rural Manipur face barriers to accessing quality education. Through Paangkriang Friendship Academy, Paangkriang Trust provided educational access to **350 underprivileged and vulnerable children**. The school's approach extends beyond classroom learning by incorporating opportunities for co-curricular development. During the year, **23 students appeared for the High School Leaving Certificate examination and achieved a 100% pass percentage**. This result reflects the importance of sustained educational support in enabling students to continue their studies and pursue further opportunities.

Holistic Development through Sports and Football

Recognising that children's development extends beyond academic achievement, Paangkriang Trust launched the **Paangkriang Football Academy in early 2026**. The initiative provides structured football training while creating opportunities for physical activity and personal development. **Sixty students have been trained in football**, strengthening their sporting skills and techniques. The Academy complements the Trust's education programme by creating a broader learning environment in which children and young people can develop interests and abilities beyond formal academics.

Music and Creative Development

Paangkriang Trust recognises music and creative expression as important components of a child's development. Through the **Paangkriang Music Academy** and the school's **Friendship Band**, students have opportunities to develop musical skills alongside their formal education. The documented experience of alumnus Lantip Riamroi demonstrates the value of this approach: mentorship through the Music Academy helped him identify music as a potential career path and pursue further studies at the Shillong School of Music. He is now also teaching music to junior students, extending his learning to others.

Community Development and Livelihood Initiatives

As the needs of communities expanded beyond education, Paangkriang Trust began developing small-scale livelihood initiatives alongside its core education work. The organisation has also initiated fruit plantation activities with the dual purpose of addressing soil erosion and creating an income-generating opportunity. These initiatives reflect the Trust's broader focus on sustainable and inclusive community development. While the source material does not provide annual beneficiary or financial figures for these activities, they form part of the organisation's longer-term effort to support greater self-reliance among marginalised rural communities. Looking ahead, the Trust aims to work more extensively with underprivileged and marginalised tribal communities through sustainable livelihood initiatives that can create opportunities to learn, earn and support children's education. The organisation also intends to explore health awareness and regular health check-ups as part of this future direction.

Community Reading and Learning

Access to learning opportunities extends beyond the formal classroom. Paangkriang Trust established a community library to encourage reading and promote a culture of learning among children and young people.

A significant contribution to this initiative came from Goonj, which donated **1,000** books to the community library. This contribution has strengthened the library's resources and expanded opportunities for children and young people to explore knowledge beyond their school curriculum.
The community library complements the Trust's school-based education initiatives by providing an additional space for reading, learning, and intellectual engagement. Through this initiative, Paangkriang Trust aims to nurture reading habits, stimulate curiosity, and encourage lifelong learning among children and young people in the community.

This initiative reflects the Trust's broader commitment to making learning resources more accessible and supporting children's holistic development through both formal education and informal learning opportunities.

Annual Impact Highlights

During 2025–2026, Paangkriang Trust strengthened its focus on education and holistic child development in rural Manipur. Through Paangkriang Friendship Academy, **350 underprivileged and vulnerable children** received access to education, while **23 students appearing for the HSLC examination in 2025 achieved a 100% pass percentage**. The launch of the Paangkriang Football Academy expanded opportunities for children beyond academics, with **60 students trained in football**. The initiative also reached **more than 500 households across around 12 villages** of rural Manipur, extending the Academy's engagement beyond the school setting.

354
Children supported through education

23
Students appearing for HSLC

100%
HSLC pass percentage

60
Students trained in football

500+
Households reached through education

Around 20

> The dedication of Paangkriang Trust and its volunteers to working closely with the community is truly commendable. I especially appreciate the selfless commitment and sacrifices of Amos Inka, Founder of Paangkriang Trust, who has devoted himself to the welfare of his community since 2016. His years of service, compassion, and unwavering commitment are truly inspiring and have made a meaningful difference in the lives of many.

Stories from the Community

“ From Student to Music Educator: The Story of Lantip Riamroi ”

For Lantip Riamroi, education became a pathway to discovering an interest that could shape his future. As a student and later alumnus of Paangkriang Friendship Academy, he was mentored through the school’s Music Academy and Friendship Band. The experience helped him recognise his potential in music and encouraged him to consider it as a professional path.

With continued guidance, Lantip pursued further musical studies at the **Shillong School of Music**, where he is currently studying. Recognising his discipline and commitment, the proprietor of the school gifted him an electric guitar as a token of appreciation.

Lantip’s engagement with music has also begun to extend beyond his own learning. He currently teaches music to students in the junior section, gradually taking on a role as a music educator himself.

His experience reflects Paangkriang Trust’s wider approach to education: academic learning is strengthened when children also have opportunities to explore music, sports and other interests. For Lantip, that opportunity helped connect education with a possible career path. His story demonstrates how sustained mentorship and co-curricular learning can help young people identify their abilities and imagine futures beyond conventional classroom learning.
